FOREWORD

This tenth annual catalog is designed to provide detailed information about the educational opportunities available at Galveston College.

The primary purpose of the instructional programs offered by the College is to aid individuals in fulfilling their hopes and aspirations for happiness in jobs, at home and in the community.

A full program of guidance and counseling services is available to all students. Students are urged to take advantage of this service in the making of decisions regarding their educational plans.

The philosophy of service through the provision of educational opportunity means that the College will constantly extend itself to the utmost in seeking to provide each student with that program which most nearly suits his needs, interests, and abilities.

GENERAL INFORMATION

HISTORY OF THE COLLEGE

It is known that as early as 1934 there was considerable local interest in a junior college for Galveston. Interested citizens were able to call and hold an election, on November 2, 1935, which created a junior college district with geographical boundaries coterminous with those of the Galveston Independent School District.

Attempts to activate the District included a June 27, 1936 tax proposal, which met with failure at the polls. Community leaders, however, did not give up. During the ensuing years, efforts were made to form a county district, but those proposals were not acceptable to the voters.

In 1966, Galveston leaders renewed their drive to get a college for the Island. An attorney general's opinion was sought and it determined that the original district was still in legal existence.

In July of 1966, the Commissioners Court of Galveston County considered favorably a resolution by the Union Junior College District to disannex the territory comprising the Galveston Junior College District from the territory comprising the Union Junior College District. This act provided the avenue by which the original district could be activated.

The original Board of Regents was appointed on September 21, 1966, by the Public School District Trustees.

On December 3, 1966, an election was held to establish a maintenance tax for the operation of the College. An annual *ad valorem* tax was authorized at a rate not to exceed \$0.27 per each \$100 valuation of taxable property within the College District.

Many individuals within the local community contributed their time, money, and abilities toward the successful creation of the College, especially the members of the Junior College Committee of the Galveston Chamber of Commerce.

In February of 1967, Dr. David G. Hunt was selected as the College's first president. He assumed office on March 1, 1967, and immediately began to formulate plans for opening the College in September of 1967. The successful achievement of this objective is a tribute to the abilities possessed by Dr. Hunt.

The College opened for its first semester on September 18, 1967, with an enrollment of 672 students. The College has grown to an enrollment of over 2000 by the Spring semester of 1974.

Mr. Melvin M. Plexco, Vice President and Dean of the College was elected as the second president on April 11, 1968, following the death of Dr. Hunt, and serves in this capacity at the present time.

PHILOSOPHY OF THE COLLEGE

Galveston College is dedicated to community service through the provision of educational opportunity. Education is the basis of both material and spiritual progress and is, therefore, the wellspring of every opportunity for material well-being and happiness.

Only the individual student is able to seize upon the opportunities offered by education, and it is to the individual student that the faculty and staff of Galveston College will turn attention. The student who approaches his collegiate opportunities with seriousness, self-discipline and energy will find that he has earned the right to the very best the College has to offer.

The philosophy of service through the provision of opportunity must find expression in the development of the widest range of educational programs consonant with sound management and legal limitation. The College will constantly extend itself to the utmost in seeking to provide each student with that program which most nearly suits his needs, interests and abilities.

SPECIFIC OBJECTIVES OF THE COLLEGE

The primary objective of Galveston College is to provide educational opportunities of high quality and diversity to the citizens of the District which supports the College. Educational opportunities are extended to citizens living outside the District insofar as the capabilities of the District permits.

Specific objectives of the College are:

1. To provide an effective program of student personnel services and counseling.
2. To provide, through general education, opportunities for personal growth and development.
3. To provide university parallel course work designed to transfer to senior colleges and universities toward the baccalaureate degree.
4. To provide occupational education in specialized areas for those students who wish to become employable upon program completion.
5. To provide, through continuing education, opportunities for students who have assumed adult responsibilities and must attend school on a part-time basis.
6. To provide, through seminars, lectures, and discussion groups, programs of worthy leisure value, usually on a non-credit basis.

ADMINISTRATIVE POLICY

The administration of Galveston College reserves the right to make changes in and act as final interpreter of this catalog. The College reserves the right to change, without notice, tuition, other charges, and related requirements and regulations as necessitated by college or legislative action.

ADMISSION POLICIES AND PROCEDURES

COLLEGE CREDIT PROGRAMS

The requirements for admission into college credit programs are set forth below:

1. Graduation from an accredited high school; *or*
2. Graduation from a non-accredited high school with condition of scholastic probation for one semester imposed on student; *or*
3. Successful completion of the General Educational Development (GED) Test, as certified by the State of Texas; *or*
4. Recommendation of a Galveston College counselor for students 18 years of age or older; *or*
5. Transfer in *good standing* from another college or university. In "good standing" means student should be eligible to return to the school from which he transferred.
6. Applicants whose scholastic deficiencies, as demonstrated by scores received on the ACT, reveal deficits below the limits adopted by Galveston College as satisfactory achievement for admission to study in the College Curricula will be required to remedy those deficiencies in one of the following ways:
 - a. Show successful achievement on departmental examination relating to the subject in which the deficiency occurs, *or*
 - b. Enroll in remedial courses until such deficiencies are remedied.

The procedures for admission into a *college credit program* of study are outlined below:

- STEP 1. Obtain application form from the back of this catalog or from the Registrar – Room M-147.
- STEP 2. Texas laws require immunizations for all students enrolled in institutions of higher learning. Instructions for parents and students and form may be obtained in the back of this catalog or from the Registrar – Room M-147.
- STEP 3. Present completed forms to Registrar.
- STEP 4. Arrange for previous school records to be sent direct to the Registrar. Records brought by students in person are not acceptable. Transfer students must provide transcripts of all prior college work.
- STEP 5. Arrange to take the American College Test (ACT) and have results sent direct to Registrar. *CAUTION*: ACT scores determine course requirements in English, Reading, Mathematics and Biology. (Refer to Departments).
- STEP 6. Reading proficiency is required of all students. Students who do not have satisfactory scores in Social Science (Reading Test:

above 12) will be required to take Reading Improvement (Communications 032).

STEP 7. Arrange counseling interview prior to formal registration.

ALL CREDIT STUDENTS MUST HAVE A.C.T. SCORES ON FILE WITH COUNSELORS BY REGISTRATION DATES OF THE SEMESTER THAT THEY INITIALLY ENTER GALVESTON COLLEGE. IF THE STUDENT A.C.T. SCORES ARE NOT ON FILE, ALL STUDENTS MUST HAVE TAKEN DEPARTMENTAL PLACEMENT TESTS (WHEN APPLICABLE) BY REGISTRATION DATES OF THE SEMESTER THAT THEY ENTER. IF THESE REQUIRED TEST SCORES ARE NOT ON FILE, STUDENTS MUST TAKE DEPARTMENTAL TESTS BY THE FINAL DAY OF LATE REGISTRATION. IF THIS REQUIREMENT IS NOT MET, THE STUDENT IS INELIGIBLE TO REGISTER FOR THE SEMESTER.

INTERNATIONAL STUDENTS

Galveston College is authorized under federal law to enroll non-immigrant alien students. All correspondence relating to admission should be mailed to:

Registrar
Galveston College
4015 Avenue Q
Galveston, Texas 77550 U.S.A.

To be considered for admission, the applicant must:

1. Complete the Galveston College application for admission form.
2. Furnish official high school and college transcripts.
3. Furnish evidence of satisfactory English skills by submitting:
 - a. A score of 350 or higher on the Test of English as a Foreign Language (TOEFL), or
 - b. A minimum score of 60 on the Michigan Test of English Language Proficiency.
4. Complete a "Statement of Financial Position" which must be signed by a parent, relative, or sponsor. (Use form provided by the Registrar.)
5. Provide the following medical records:
 - a. A doctor's certification that the applicant received a chest x-ray, which resulted in a negative TB report. The x-ray must have been taken within 90 days of the anticipated enrollment date, and
 - b. A certification of immunizations in compliance with Texas immunization laws. (Use certificate of immunizations provided by the Registrar.)
6. All application materials must be on file in the Registrar's Office at least 30 days prior to registration.

7. Applicants will be notified of their acceptance when all credentials are completed and on file in the Registrar's Office. Accepted international students are to be in Galveston seven (7) days before each semester for the purposes of orientation and course scheduling.
8. International students should consult the International Student Catalog Supplement for additional information.

SPECIAL ADMISSIONS

MATURE CITIZEN STUDENTS – Tuition and Fee Exemptions

By authority of the Board of Regents of Galveston College on August 15, 1972, all citizens of the Galveston Community College District who have attained the age of 65 are entitled to attend all classes held by Galveston College on a "seats available" basis without paying any fees. Eligible citizens will be issued a "Mature Citizen Student" identification card upon application in person at the College. These students are entitled to utilize the library services of the College and to attend athletic events approved by the College without charge.

NON-COLLEGE CREDIT PROGRAMS

The procedures for admission into *non-college credit programs* are outlined below:

- STEP 1. Contact Registrar or Director of Continuing Education for specific procedures.
- STEP 2 Register as directed.

ADMISSION TO SPECIFIC PROGRAMS

Applicants for the following programs must meet additional requirements:

- Associate Degree Nursing
- Associated Health Occupations
- Vocational Nursing
- Nurse Assistant Program
- Hospital Unit Clerk Program

General information and admission check lists for these programs may be obtained from the Registrar's Office. After an applicant has completed the admission check list for a specific program, he/she will be notified by the Registrar of their acceptance as a candidate for admission. A personal interview with the chairman of the program is required to complete the application process. Enrollment may be limited in these programs, therefore, applicants are urged to contact the Registrar's Office for filing deadlines and for information concerning new programs not currently listed in the catalog.

Applicants unsure of admission requirements should contact the Director of Student Personnel Services Office for clarification. When exceptional circumstances necessitate variations from normal admission requirements, applicants are referred to the Director of Student Personnel Services. If it is determined that the request is reasonable, an exception may be authorized.

TEMPORARY WAIVER OF ENTRANCE REQUIREMENTS (Not Applicable to Special Programs)

Applicants who have not completed their admission file prior to registration may be admitted on a provisional basis after signing the Temporary Waiver of Entrance Requirements form. This form will be completed in the Registrar's Office.

EARLY ADMISSIONS PROGRAM

By enrolling in the Galveston College Early Admission Program, Galveston area high school seniors may get a headstart on earning transferrable college credit at minimal cost before graduation.

The program is available to all Ball and O'Connell High School seniors, subject to the following provisions:

1. The student must be approved by his high school principal and must receive parental approval.
2. The student must submit American College Test (ACT) scores to the Counselor's Office at Galveston College.
3. The student will be limited to two academic credit courses per semester at Galveston College.
4. Upon acceptance by Galveston College, the students will be admitted on conditional status. This means that credit for college hours will not be granted until the student has successfully completed all high school graduation requirements.
5. While attending Galveston College, the student will be expected to adhere to all policies of the College.

PROJECT AHEAD

Project AHEAD (Army Help for Education and Development) is a new program in cooperative education, developed in conjunction with participating colleges and universities.

Project AHEAD offers the student the opportunity to enroll in college at the same time he/she enlists in the Army. The student earns credit towards a college degree while serving his country.

Contact the Galveston College "Project AHEAD" counselor for further information.

COUNSELING AND GUIDANCE SERVICES

Individual counseling is available for all students at Galveston College. The Office of Student Personnel Services exists to enable the student to achieve and maintain maximum productivity as a person.

A staff of professional counselors is available to work with students who seek help in resolving questions of career choice, advanced placement, study skills, getting along with others, self-understanding, and other kinds of personal problems. All counseling is confidential.

Counseling services are also offered to help students make decisions in regard to their educational and vocational goals and plans. Once these goals have been determined, the proper division of study can be identified, specific courses selected and long-range plans developed and formulated with the students as they progress through the initial phases of course work. Educational programs should be planned in detail with the counselors before the end of the first year of attendance.

For those students who choose occupational education programs, counseling services can be utilized to assist their entry into employment areas, once the prescribed program of study is successfully completed. For those students who choose from the university parallel programs, successful transfer to the upper-division level of the senior institution of the student's choice is the overall aim of the assistance offered by the counseling services.

The Office of Student Personnel Services is located in Moody Hall.

Faculty Advisors

Students occasionally experience difficulties in adjusting to a college atmosphere and its individual approach to acquisition of knowledge. The college encourages the student not only to discuss educational problems with the subject matter instructor, but to seek advice and guidance from a Counselor. Each of these advisors has many successful years of college experience and can usually suggest solutions to the complex problems which arise.

AMERICAN COLLEGE TESTING PROGRAM (A.C.T.)

Freshmen students entering Galveston College will be required to submit scores on the American College Test. All students who plan to receive an associate degree and/or transfer to another institution are required to have American College Test (ACT) scores on record. Information concerning ACT testing dates may be obtained from the Office of Student Personnel Services, Moody Hall. The A.C.T. code for Galveston College is 4103.

ACT scores, together with other background information, are used in initial counseling interviews to help students make tentative decisions concerning programs of study as well as to help determine placement within specific programs. More extensive testing and self-evaluation services may be needed and can be utilized on an individual basis as needs arise.

Students with deficient ACT scores will be required to enroll in special courses during their first semester.

Students who may require developmental assistance in reading, English, mathematics, and science subjects will be scheduled for the following courses.

COMM. 030-031-READING SKILLS-Designed for students who score 4 or less on the A.C.T. Social Science sub-test.

COMM. 032-035-READING IMPROVEMENT- Designed for students who score 11 or less on the A.C.T. Social Sciences sub-test. Students must remain enrolled in Reading Improvement until they have achieved a reading skill of Level V, a proficiency level required by the College for enrollment in social science courses.

BASIC ENGLISH 131-SENTENCE BUILDING- For students scoring 15 or below on the A.C.T. English sub-test.

BIOLOGY 031-INTRODUCTION TO BIOLOGICAL AND PHYSICAL SCIENCES- For all pre-A.D.N. and A.H.O. students as well as any student as well as any student deficient in sciences as indicated by an A.C.T. composite score of 14 or less.

PHYSICAL SCIENCE 032-INTRODUCTION TO PHYSICAL SCIENCES- For students without prior training in Chemistry or an A.C.T. Composite score of 14 or less.

MATHEMATICS 011-012 and 013-BASIC MATHEMATICS- For students scoring 14 or below on the A.C.T. mathematics sub-test.

MATHEMATICS 041- For students who have not completed two years of high school algebra or for those students who need to review algebra before continuing college level mathematics.

CAUTION: Freshman students who do not have ACT scores on record at the time of registration will be required to enroll in Basic English 131 or Basic Mathematics until evaluated. This may result in schedule conflicts.

Note Regarding Exemption From ACT Requirement:

Students are exempt from ACT requirement under the following conditions:

1. If the student transfers 15 or more acceptable hours to this college.
2. Written consent of the Director of Student Personnel Services.
3. If the student is enrolled for non-credit.

Exceptions do not apply to students seeking admission to special programs (A.D.N., A.H.O., VN, Nurse Assistant, etc.)

SERVICES TO INTERNATIONAL STUDENTS

There is a Committee for International Students which serves the students in an advisory capacity. This Committee, in addition to interviewing, testing, and scheduling students, will provide counseling and referral services.

Problems relating to visas, customs and entrance requirements should be directed to the Registrar.

VETERANS INFORMATION

Veterans attending or planning to attend Galveston College should contact the Registrar's Office to insure that their enrollments are certified. The Registrar's Office will have the necessary forms if you are continuing your course of study or enrolling in college for the first time.

If the Veteran should have questions or problems in the following areas, he should contact the Registrar's Office:

1. Certification of enrollment
2. Change of Address
3. Change of Dependents
4. Change in enrollments

Veterans who may have problems concerning their educational benefits should contact the Veterans Representative on Campus or call the Houston Veterans Affairs Office. The following areas are handled by the Vet. Rep.:

1. Information on eligibility
2. Pay rates
3. Other Veteran benefits
4. Difficulty completing the necessary forms
5. Information necessary to complete the forms
6. Payments made incorrectly, either too much or too little

GENERAL VETERANS INFORMATION

G. I. Bill: Commonly refers to Vietnam Veterans Readjustment Act Bill passed to allow eligible Veterans to receive a monthly allowance while obtaining an education. The monthly allowance is based upon the course load and number of dependents of the Veteran.

Who Is Eligible: Anyone who served in the regular Armed Forces of the U.S. for at least 181 days and was released from active duty with other than a dishonorable discharge. Service in the Reserve does not generally count. If in doubt, submit the paperwork.

What Are They Eligible For: 1½ months of educational allowance for each month of service with a maximum of 36 months – with a 9 month extension in certain cases. This is 36 months of full-time training or 72 months of ½ time training or 54 months ¾ time or any combination totaling 36 months of full time.

Course Loads:

<u>Term</u>	<u>Fall/Spring</u>	<u>Summer</u>
Full time	12 or more hours	4 or more hours
¾ time	9, 10, 11 hours	3 hours
½ time	6, 7, 8 hours	2 hours
Less than ½ time	5 or less hours	1 hour

FINANCIAL AID

The financial aid program at Galveston College is designed to function as a multi-purpose financial assistance service for the students. Financial assistance consists of grants, loans, scholarships, and part-time employment which may be offered to students singly or in various combination packages. The purpose of the financial aid program at Galveston College is to provide assistance to students who, without such aid, would be unable to attend college. To be considered for financial aid a student should be accepted for admission to the college with intention of enrolling as a full-time student in a degree or diploma-seeking program. The awarding of financial assistance is based primarily on the financial situation of the student and his family. Academic performance is also a significant criterion utilized in determining financial assistance.

How Need is Determined:

Since financial aid is awarded primarily on the basis of need, it is important to understand how need is determined. Essentially, financial need is the difference between the cost of the college education and the family's and student's ability to contribute to that education. While maintaining its objectively measured standard of living, a family that would need substantial financial aid to send a student to one college might need much less to meet the student's expense at another institution. Two elements must always be considered:

1. The amount of money the student and his family can reasonably be expected to contribute toward a definite period of education, usually an academic year.
2. The expenses of education during that period at the institution of higher education which the student plans to attend.

Financial need is the difference between these two amounts. The greater the difference, the greater the need, measured on a scale relative to college expenses.

The following classification of students are considered in determining financial aid:

1. Single students living at home and receiving parental support and for whom the family is claiming dependency benefits.
2. Single students *not* living at home but who are receiving parental support and for whom the family is claiming dependency benefits.
3. Single students *not* living at home and not receiving parental support and for whom the family is *not* claiming dependency benefits.
4. Married students who are receiving parental support even though not

claimed by family for dependency.

5. Married students who are *not* receiving parental support.

The Degree of Need is documented from information provided by a "Parents Confidential Statement" for dependent students or a "Student Financial Statement" for financially independent students.

In addition to college expenses to which the family contributes, it is expected that the student himself will share in the responsibility for meeting his expenses. In determining ability to contribute, not only are the student's assets included, but it is anticipated that he will engage in summer employment.

While the College regards the CSS Need Analysis Systems as a very helpful guide, the student applicant is also required to complete the College's Student Financial Aid Application. In all cases, financial determination of need and award amounts are made by the Student Financial Aid Office. In this way, individual attention is given to each application and awards are made in view of the student's particular situation.

To Apply:

1. Complete and submit all application forms for admission to Galveston College. The student is in all cases fully responsible for properly completing all required documents, and submitting them as required by set deadlines.
2. Send a copy of the College Scholarship Service "Parents' Confidential Statement", or "Student Financial Statement" to Berkley, California, with proper fee. These forms may be obtained from the Office of Student Financial Aid.
3. Send to the Student Financial Aid Office, the Galveston College Student Application for Financial Assistance.

Awards will be *disbursed* at the time of registration for classes at the beginning of the fall and spring semester.

Late applications are considered only if funds remain available after all awards are made to applicants who filed within the deadline. Financial aid is awarded on the basis of one academic year (September to June). In order to continue to receive financial assistance, each student must reapply within the specified deadline dates for each succeeding academic year.

Policies

Students applying for financial aid are expected to be able to contribute at least \$300 toward their educational expense from summer employment.

Students enrolled in a 12 month program are not expected to seek summer employment.

Should a student receiving financial aid be placed on scholastic probation, financial aid may be continued for one semester. Should the student continue to be on probation after one semester, the student must appeal to the Financial Aid Advisory Committee through the Co-ordinator of Financial Aid and Placement for continued financial support.

In the case of all students receiving financial aid, it is the student's obligation and responsibility to report any changes in personal, financial and academic situations to the Financial Aid Advisor.

Students should note that a grade of "IP" does not count in the student's semester credit hour total for financial aid purposes.

SHORT TERM LOAN PROGRAMS

The Moody Loan Fund

The Moody Loan Fund, established in April, 1970, by the Trustees of the Moody Foundation, is designed to provide short term, interest free loans to students to cover the costs of tuition, fees and books. Loans are to be paid back over a 60-day period during the long semester, or a 30-day period during summer sessions. Application for a Moody short term loan may be made through the Office of Financial Aid.

SCHOLARSHIPS

Galveston College General and Special Scholarships – Student must complete required financial aid forms. Students must show financial need and plan to enroll as a full-time student. Scholarship awards vary in amount depending upon the corpus of the various scholarship funds. The student must be recommended by the Scholarship Committee.

GRANT PROGRAMS

Basic Educational Opportunity Grant (BEOG): A federal grant program based on need and tuition costs. Applications and additional information may be obtained from your high school counselor or the Financial Aid office.

Supplementary Educational Opportunity Grant (SEOG): Awarded to students with great financial need after self-help and other programs have been exhausted.

Law Enforcement Education Program (LEEP): In-service law enforcement officers only. Grants covering tuition, fees, and books. Repayable if officer leaves employing agency less than two years after completing course work.

Nursing Student Scholarship Program: Scholarship for A.D.N. students who show financial need and high academic achievement.

TUITION EXEMPTION PROGRAMS

Vocational Rehabilitation – The Texas Rehabilitation Commission through its Division of Vocational Rehabilitation offers assistance to eligible

students who have vocational handicaps provided the vocational objective selected by the student has been approved by a representative of the Division. Application for Vocational Rehabilitation assistance should be made through the nearest Texas Rehabilitation Commission office or through the Texas Rehabilitation Commission, Austin, Texas.

Hazlewood Act – Student must be a citizen of Texas, served during Spanish-American, World War I and/or World War II as nurses or U. S. Armed Forces members, honorably discharged and legal resident of Texas at induction. Student is exempt from cost of tuition. Student must submit copy of discharge papers and complete tuition exemption form.

Honor Graduate – Tuition for both semesters of first regular session immediately following high school graduation will be paid for highest ranking graduate in class from an accredited high school in the State of Texas. (Article 2654-1, Sec. 2, VATCS)

Orphans of National Guard and Texas Air National Guard Members – Tuition paid for child of member of U. S. Armed Service who was killed in action or who died while in the service. (Article 2654b-1, Sec. 1, 3, 4, 5, VATCS)

Members and/or Their Families of the Armed Forces Stationed in Texas – Application of resident rather than non-resident tuition fee to members of the Armed Forces stationed in Texas, their husband or wife, as the case may be, and their children. (Article 2654c, Sec. 1 (h), VATCS)

Student must be a citizen and resident of Texas, under 25 years of age. Combined parental and student yearly income below \$4,800. If married, include spouse's income too.

SUPPLEMENTAL SECURITY INCOME

College students who contribute to the support of parents or other relatives should inquire about supplemental security income, a new federal

program of income supplement for blind or disabled people, as well as people 65 or older. Their relatives might qualify if their income is less than \$160 a month from retirement or social security, or less than \$230 from wages (the figures are higher for couples). Students who think their relatives might qualify should contact the social security administration.

STUDENT EMPLOYMENT*

College Work-Study Program — The program provides employment to students who have financial need, in order to help defray the costs of a higher education.

Student Job Placement — Offers all students interested in part-time or temporary jobs information on employment. Notices of jobs are posted on the Student Employment Bulletin Board.

*Galveston College has filed with the Department of Health, Education and Welfare, "Assurance of Compliance with the Department of Health, Education and Welfare Regulations under Title VI of the Civil Rights Act of 1964" and is an Equal Opportunity Employer.

TUITION AND FEES PER SEMESTER

The College reserves the right to change, without notice, tuition, other charges, and related requirements and regulations as necessitated by College or legislative action.

The tuition charged per long-term semester is set forth in the itemized schedule below and may be subject to change. Tuition and fees must be paid at the time of registration. No registration packets will be held for late payment. *All scholarship and financial aid recipients must have completed financial arrangements prior to registration.*

Any student who is exempt from tuition and/or fees for any reason, must present proof of such exemption at each registration to the pay station.

Mature Citizen Students — Tuition and Fee Exemptions

By authority of the Board of Regents of Galveston College on August 15, 1972, all citizens of the Galveston Community College District who have attained the age of 65 are entitled to attend all classes held by Galveston College on a "seats available" basis free of any charge. Eligible citizens will be issued a "Mature Citizen Student" identification card upon application in person at the College. These students are entitled to utilize the library services of the College and to attend athletic events approved by the College without charge.

TUITION AND FEES

Tuition and fees must be paid at the time of registration each semester.

NOTICE: Fees are not refundable.

BAD CHECKS

A \$5.00 charge will be made by the College for each returned check.

REFUND POLICY

Students who withdraw from the College after registration will have their tuition refunded according to the following:

Through third calendar class day	100%
Through fourth calendar class day	50%

No refunds after the fourth calendar class day. Refunds made by check only after the fourth class day.

No refunds for dropping courses, only for withdrawal from College.

Fees Are Not Refundable.

Continuing Education Courses

One Hundred Percent (100%) refund will be made to students dropping a course prior to the second class meeting following their registration. The student has the immediate responsibility to decide after the first class period attended to continue or drop the course in question.

All refund requests and questions will be handled by the Office of Continuing Education and Evening Division.

RESIDENT CLASSIFICATION STUDENT RESPONSIBILITY

The responsibility of registering under the proper residence classification is that of the student, and if there is any question of his right to classification as a resident of Texas, it is his obligation, prior to or at the time of his registration, to raise the question with the administrative officials of the institution in which he is registering and have such officially determined.

Every student who is classified as a resident student but who becomes a nonresident at any time by virtue of a change of a legal residence by his own action or by the person controlling his domicile is required to notify the proper administrative officials of his institution at once.

REGISTRATION

The formal registration of students is held prior to the beginning of classes each semester. The registration procedure is simplified if students complete their counseling and planning before the formal registration begins. Students enrolling for Freshman English courses are required to present English Placement Form at time of registration. (See ACT information). Details for registration procedures and course offerings are published each semester.

Prospective students are urged to apply for counseling interviews as early as possible. Except for actual class time selection and payment of fees, the entire registration process may be completed well in advance of the formal registration period, thereby simplifying and expediting the completion of the formal registration period.

Concurrent College Enrollment

A student who wishes to enroll concurrently at Galveston College *and* another college during any one semester must have *prior* written approval from the Director of Student Personnel Services of Galveston College. The total semester hours for which the student is enrolled at *both* colleges may not exceed those for a full-time student as defined by Galveston College.

Continuing Education Courses

Registration in continuing education courses can be accomplished by mail (name, address, telephone number, check or money order for exact tuition charges) or in person at the college.

Registration dates, times, place and fees will be published.

BOOKSTORE

Galveston College owns and operates a bookstore for the convenience of the student body. Required textbooks and other instructional materials are available, as well as appropriate college type variety items and gifts. All transactions are on a cash basis.

LEARNING RESOURCE CENTER

The Learning Resource Center, housing the David Glenn Hunt Memorial Library, is located on the second and third floors of Moody Hall. It is a multi-media collection of books, magazines, U.S. and Texas government publications, newspapers, pamphlets, records, microfilm, audio and video cassette tapes, filmstrips, slides, maps, pictures, and equipment for the use and production of these media.

The book collection, over 25,000 volumes, is classified under the Library of Congress Classification system. The circulation period is approximately two weeks, with an option to renew for an additional period. Students must return all library materials and pay any fines incurred before they receive their grades or before they are allowed to register for another semester. With the exception of reserve items, the materials are housed in an open stack arrangement, so that users may browse freely among the shelves. Periodicals and non-print materials are not circulated, but facilities are available for copying both printed and spoken word. The college identification card serves also as the library card, to be used when checking out books.

Instructors may request the production or purchase of instructional materials, and interlibrary loans of books and other media allow direct

access to nearly every major library in the United States and Canada.

The LRC welcomes requests from faculty and students. These materials will be purchased, if funds permit. Periodic subject bibliographies and new acquisition lists are published and distributed to faculty, staff, students, and other users.

The ultimate goal of all LRC functions is to serve the needs of Galveston College and this community.

STUDENT ACTIVITIES

ORGANIZATIONS

Galveston College promotes various types of organizations which offer training in responsible leadership. Among these organizations are the following:

Student Government. The purpose of the student government is to further coordinate student activities with the programs of the faculty and administration, to develop among the student body a greater and more enlightened interest in those matters affecting students and Galveston College, to provide a means of discovering opinion, to provide a means of making known to the college administration the thinking and feeling of the students, and to encourage a more responsible participation in government functions and student activities.

The fourteen members of the Senate are elected annually by the student body by popular vote. The President, Vice-President, Secretary, and the Treasurer are elected in the Spring. The representatives are divided equally between Freshmen and Sophomores.

The President of the Senate serves as an ex officio member of the Board of Regents of Galveston College.

Art Club. The Art Club was established in April of 1970. Membership is open to all students but particularly students enrolled in Art courses. Emphasis is on production and display of composition of art. The club has called meetings and charges dues to its members.

The Associated Health Occupations. The Associated Health Occupations (AHO) Organization was established at Galveston College in February of 1970. It is composed of members interested in and studying for a career in the health care professions in one of nine fields: Occupational Therapy, Physical Therapy, Mental Health, Radiologic Technology, Inhalation Therapy, Hospital Administration, Electroencephalography, Orthotics, or Unit Clerk. The Club seeks to gain recognition for AHO and to interest students in this program. Meetings are held monthly with no mandatory dues.

Athletics--Galveston College, a member of the Gulf Coast Intercollegiate Conference, participates on the varsity level in the following sports: baseball, tennis, women's volleyball and golf. Competition on the extramural level includes the following sports; bowling, tennis, weight lifting, archery, co-ed volleyball, golf, badminton, table tennis and surfing. The College mascot is the "Dolphin."

Chess Club--The Chess Club was established in March of 1972. The club is an affiliate of the U.S. Chess Foundation. It meets weekly. The club offers special instructions for beginners, Chess Life and Review Magazine, over-the-board chess ratings and speed chess. The Club offers an atmosphere of friendly competition for anyone interested in a game of chess.

College Publications. The College newspaper, *The Barometer*, and the student magazine, *The Mariner*, are published periodically under the direction of student editors and student staff. The newspaper publishes official announcements as well as general news about campus happenings.

The staffs for college publications are open to all students. Students with prior newspaper or annual experience are especially encouraged to join the staff.

The Foreign Languages Club. This club was formed as a merger of two former Galveston College clubs: the "French Club LaSalle" and the "Los Amigos del Quixote", both of which were created in 1968, during the first school year of Galveston College.

Through maintaining awareness of the necessity of communicating with people of other tongues and cultures, this club complements the study of formal grammar and literature.

The usual yearly activities include varied humanistic endeavors and social obligations; scholarships are given every year to graduating High School students interested in the study of a foreign language, in the amount of

\$50.00 each, covering tuition and fees of the prospective member.

The membership is open to all students and particularly to those engaged in the study of a foreign language. Students may also join the Foreign Languages Teachers Association, the A.A.T.F., the A.A.T.S.P., or the L'Alliance Francaise de Houston.

Meetings are held twice monthly with no mandatory dues.

Mexican-American Student Organization. The Mexican-American Student Organization was established as an officially recognized organization of Galveston College in October of 1971. Membership is open to all students but particularly to students of Mexican-American descent. The club meets every other week and there are no dues. Through its yearly activities, the club promotes interest in the Mexican-American history, traditions, and culture. It sponsors an annual statewide cultural conference and a scholarship among other activities.

Mid-Management Club. This club was established in October, 1970, and is an officially recognized organization. It is composed of students in the mid-management field. The organization seeks to develop leadership among students of mid-management, create interest and appreciation in vocational fields, encourage high standards in business and industry, and seeks to advance the status of management in the community. It was formerly named Mu Sigma Chi.

Phi Theta Kappa. Phi Theta Kappa was established in February, 1968, and is an officially recognized organization. It is an honorary scholastic fraternity whose membership is open each semester to selected students whose names appear on the Dean's or President's Lists. There is an initiation fee but no dues. The organization meets monthly and is currently sponsoring tutoring services for the study body.

Speech and Theatre Guild. This unique organization was established in October, 1972, as an officially recognized organization. The student controlled organization is actually comprised of three interest groups. Phi Rho Pi, the National Speech Fraternity and Delta Psi Omega, the National Drama Fraternity are the two main factions. However, the association is also open to any interested student of Galveston College. These three factions offer an opportunity to the member for exposure to, and exchange of speech and theatre skills. Planned socials and theatre field trips highlight each semester.

Student Nurses Association. The Nursing Student Association was established in February, 1968, and is an officially recognized organization. It is composed of students in the Associate Degree Nursing Program and seeks to develop opportunities through group study and self-appraisal for further function as registered nurses. Meetings are held monthly and dues are charged members. Students may join the Texas Nursing Students Association and the National Student Nurses Association. Sophomores are eligible to join District 6 of Texas Nurses Association.

ACADEMIC INFORMATION

CREDIT FOR COURSES

The semester hour is the unit of measurement at Galveston College and is defined generally as one clock hour of class session per week for a sixteen-week semester, or its equivalent.

The number of clock hours of laboratory work equated to one clock hour of lecture will vary with the special requirements of the course.

Normally, it is the student's responsibility to take courses in sequence and at the proper level.

EXPLANATION OF THE COURSE

NUMBER SYSTEM

The courses offered by Galveston College usually carry three digit numbers (for example, History 131). However, in two departments many of the courses carry four-digit numbers (for example, Music 1301 and Physical Education 1101).

In this system of course numbering, the first numeral indicates the level of the course ("0" indicates developmental level, "1" indicates freshman level and "2" indicates sophomore level).

The second numeral in the course number indicates the semester-hour credit assigned to the course ("0" indicates no credit value, "1" indicates one semester hour credit, "2" indicates two semester hours credit, "3" indicates three semester hours credit, "4" indicates four semester hours credit, etc.)

The third numeral, in the case of a three-digit number, or the third and fourth numerals, in the case of a four-digit number, usually indicate the sequence in which the courses should be taken (for example, English 131 is understood to precede English 132 normally).

COURSE LOAD

Usually, a student who is enrolled for less than 12 semester hours is considered a *part-time student*. One who is enrolled for 12 or more semester hours is usually considered a *full-time student*. (See Student Handbook).

The normal course load during the regular semester is five academic courses, or from 15 to 18 semester hours. Physical education activity courses and other one-hour courses may be added above the five academic courses. No student will be permitted to enroll for six academic courses or for more than 18 semester hours without recommendation of a counselor. The normal load

during each six-week term of the summer session is 6 semester hours. The maximum load for a six-week session is 7 semester hours, and the maximum credit that a student may earn during the entire summer session is 14 semester hours.

The College reserves the right to limit the course load carried by any student.

Students who are employed or who plan to seek employment are cautioned to consider carefully the amount of college work they attempt in relation to the number of hours they are employed each week and to the student activities in which they participate. A student who overloads himself in these areas is likely to have scholastic difficulties. A good rule to remember is that a minimum of two hours of preparation outside class is necessary for each hour of class time.

CHANGE OF SCHEDULE

Students may change their class schedule as outlined in the printed semester schedules. After a student has registered, a fee of \$2.00 per schedule change will be charged for any changes not initiated by the College. (See Tuition & Fees Information). Once a student has officially dropped a course he cannot re-enroll for that course.

NON-CREDIT ENROLLMENT

A student may enroll for any course offered by the college on a non-credit basis. The charges for enrolling on a non-credit basis will be the same as charges for credit enrollment (including tuition, student activity fee, and all other applicable fees as set forth in this catalog).

A student will register at the prescribed registration periods for non-credit courses. The student must specify *at time* of registration that he is enrolling for *non-credit*.

A student enrolled for non-credit does not receive a grade or a transcript, nor may a student change from non-credit to credit classification after he is registered, except during late registration periods.

Some courses offered exclusively on a non-credit basis will carry special fees.

CLASS ATTENDANCE

Students are expected to attend all lectures and laboratory periods, and an accurate record of each student's attendance is kept by each instructor.

Any student who has missed six or more clock hours of instruction, not excused by the instructor, may receive a failing grade in the course.

A student who registers and does not attend class may be administratively withdrawn upon written recommendation of the instructor to the Director of Student Personnel Services. A student may appeal such a decision to the Director of Student Personnel Services.

EXAMINATIONS

The preparation and administration of examinations is the responsibility of the instructor who teaches the course. The number and kind of examinations will be determined by the nature of the specific course.

Mid-semester and final examinations are usually the minimum required for any course.

GRADING SYSTEM

Students and/or parents receive final grades at the end of each long term.

The quality of work done by the student is indicated on the college records by the following letters: "A," "B," "C," "D," "F," "I," "IP," "W", and "AW". These letters have the following significance:

Letter Grade Description	Numerical Value	Grade Points Per Sem. Hr.
A=Excellent	90-100	4
B=Good	80-89	3
C=Average	70-79	2
D=Passing, but poor	60-69	1
F=Failure or unofficial drop	below 60,	0

I=Incomplete work. *Note 1.

IP=In Progress. See English Department Section for explanation.

See the Associated Health Occupations Departmental
Chairman for clarification.

The grade of IP may only be given by the Departments
listed above.

W=Official withdrawal. (Not computed in grade point average.) *Note 2

AW= Administrative Withdrawal *Note 3

VN grading system is different – see Student Handbook.

*Note 1: Incomplete work must be completed within the time period agreed upon by the instructor and the student or the grade of "I" will automatically be changed to a grade of "F" at the end of this designated period of time.

*Note 2: The last day to drop a course with a grade of "W" is noted in the College Calendar.

*Note 3 A student who registers and does not attend class may be administratively withdrawn upon written recommendation of the instructor to the Director of Student Personnel Services. A student may appeal such a decision to the Director of Student Personnel Services.

REPEATED COURSES

If a student repeats a course at Galveston College, the hours and grade earned on only the last enrollment will be used in computing the cumulative grade point average, even when the last grade earned is lower.

ACADEMIC STANDARDS

Students must meet the grade point requirements listed in Table 1 or be placed on academic probation for the succeeding long-term semester or the combined summer terms for which he is registered.

Grade Point Average (GPA)

Four grade points are awarded for each semester hour in which the student receives an "A", three grade points for each hour of "B", two grade points for each hour of "C", one grade point for each hour of "D", and no grade points for an "F". The grade point average is the quotient obtained by dividing the total number of grade points earned by the number of semester hours which a student has completed. Grades of "I", "IP", "W", and "AW" are not assigned grade point values.

Students who receive an "I" or an "IP" grade will have their grade point average computed on the basis of only those courses which they have completed and received a final grade. When courses are repeated, only the most recent grade will be used to calculate grade points and semester hours.

Cumulative Grade Point Average

The cumulative grade point average is based upon all of the student's work taken at Galveston College. However, when courses are repeated only the most recent grade will be used to calculate grade points and semester hours.

Transfer students must meet the grade point requirements corresponding to the number of semester hours for which they have received transfer credit.

Students who have been placed on academic probation by another institution at the close of the last semester during which they attended that institution will be placed on academic probation upon their entrance at Galveston College. Students who have been suspended for academic reasons from other colleges for at least one long-term semester will be placed on academic probation upon admission to Galveston College.

A student who has been suspended twice from any college must obtain special permission to enter Galveston College. Such permission may be granted by the Director of Student Personnel or the Faculty Committee on Student Status.

The College reserves the right to specify additional requirements for specialized programs.

To be removed from academic probation, a student must:

1. Meet the grade point requirements on the current work attempted, (see Table 1) and
2. Meet the cumulative grade point requirements on all work attempted at Galveston College (see Table 1).

**TABLE 1
GRADE POINT REQUIREMENTS**

Sem. Hrs. Attempted	Grade Pt. Requirements	Sem. Hrs. Attempted	Grade Pt. Requirements	Sem. Hrs. Attempted	Grade Pt. Requirements
1-5	1-5	21	35	41	76
6	9	22	37	42	78
7	11	23	39	43	80
8	12	24	41	44	82
9	14	25	43	45	84
10	16	26	45	46	87
11	18	27	47	47	89
12	19	28	49	48	91
13	21	29	51	49	93
14	23	30	53	50	95
15	24	31	54	51	97
16	26	32	56	52	101
17	27	33	58	53	103
18	29	34	61	54	105
19	31	35	63	55	107

		37	67	57	111
		38	69	58	116
		39	71	59	118
		40	74	60	120

A student who does not have the required number of cumulative grade points, but who meets the grade point requirements on the current work attempted, will be allowed to continue on an academic probation status.

Students who have been placed on academic probation and who fail to meet the grade point requirements in the next semester hours attempted will be suspended for one long-term semester or the combined summer terms, as applicable.

Students who have questions concerning Academic Standards at Galveston College should contact the Office of Student Personnel Services, Moody Hall.

STUDENT RECORDS

Galveston College has established policies and procedures to comply with the "Family Educational Rights and Privacy Act of 1974" and the "Texas Open Records Law (State Senate Bill 1071 and Housebill 6)".

A brief summary of this policy is as follows:

Student records are released only for use by faculty and professional staff for authorized College-related purposes. The release of student records for off-campus use occurs only with the student's knowledge and consent, or where required by law, or upon subpoena.

Review of Record – Any student who desires to review his/her record may do so upon request to the appropriate office immediately responsible for the record, and completion of the "Request for Access to Student Record" Form.

Challenge to Accuracy of Record-Keeping – Any student who desires to challenge the accuracy of his/her record should follow the procedure as outlined below:

- a. Informal Review – Follow the procedure as outlined for Review of Record. Official will summarize action taken on "Request for Access to Student Record" form. This should be signed and dated by review official and maintained with student's record.
- b. Formal Review – If the Informal Review does not clarify the question of accuracy of record-keeping, the student may request a Formal Review. The President will appoint an institutional official, committee or other party who does not have a direct interest in the outcome of the hearing to hear challenges concerning student record. A written decision will be sent to all interested parties at the conclusion of the hearing.

The following categories of information contained in the student records and files are considered directory information and will be released to the general public without the written consent of the student. A student may request that all or any part of the Directory Information be withheld from the public by making written request to the Registrar's Office during

the first 12 class days of a Fall or Spring Semester or the first 4 class days of a Summer Semester. This request will apply only to the current enrollment period. The following is to be included as Directory Information.

(a) Name; (b) Current & Permanent Address; (c) Telephone Listing; (d) Date & Place of Birth; (e) Major Field of Study; (f) Participation in officially Recognized Activities & Sports; (g) Weight & Height of Member of Athletic Teams; (h) Dates of Attendance; (i) Degrees and Awards Received; (j) Most Recent Previous Institution Attended; (k) Current Class Schedule; (l) Number of Hours Enrolled in Current Semester and (m) Classification.

A copy of the entire Official Galveston College Student Records Policy is on file in the Galveston College Library for information upon request.

CLASSIFICATION OF STUDENTS

A student who has completed less than 30 semester credit hours is classified as a *freshman*.

A student who has completed 30 or more semester credit hours and has not received a degree is classified as a *sophomore*.

A student may also be classified as a full-time student or a part-time student according to the criteria listed below.

Full-Time Student

1. During the Regular Semester:
 - a. A student registered for twelve (12) or more semester hours is defined as a full-time student by Galveston College. The Hinson-Hazlewood Student Loan (formerly Texas Opportunity Plan) and the Selective Service suggests 15 hours for full-time students.
 - b. A student registered for twelve (12) or more semester hours is defined as a full-time student by the Veterans Administration.
 - c. A student duly admitted and registered in the nursing curriculum is defined as a full-time student by Galveston College.
 - d. An international student approved for admission to Galveston College by the Committee for International Students will be considered a full-time student.

2. During the Summer Terms:

- a. A student registered for six (6) or more semester hours each term defined as a full-time student by Galveston College and the Hinson-Hazlewood Student Loan. The Veterans Administration lists four (4) or more semester hours each term as full-time.
- b. A student duly admitted and registered in the nursing curriculum is defined as a full-time student by Galveston College.
- c. An international student approved for admission to Galveston College by the Committee for International Students will be considered a full-time student after he has registered.

Part-Time Student

1: During the Regular Semester:

- a. A student registered for less than twelve (12) semester hours is defined as part-time student by Galveston College.
- b. See Veteran's Information for classification of veterans.

Services for Veteran Benefits and Social Security Benefit programs are processed by the Registrar's Office.

2. During the Summer Term:

- a. A student registered for less than six (6) semester hours for two consecutive terms is defined as a part-time student by Galveston College.
- b. See Veteran's Information for classification of veterans.

ADVANCED PLACEMENT EXAMINATIONS

EXAMINATION FOR CREDIT

Galveston College believes that learning takes place in a variety of settings only one of which is a formal classroom. If, on the basis of previous training and experience and within the limits explained below, a student has reason to believe that he can pass an examination on courses of freshman or sophomore rank within a limited number of hours, he may petition for such examination — Examinations for credit are known as Advanced Placement

Examinations. These examinations are available to students who transfer to Galveston College from non-accredited colleges and universities. The examinations are also open to mature persons who learned the content of a particular course through experience or previous training other than in the secondary school.

No student may attempt to earn credit by advanced placement examination in any course in which he has received a grade of F or W either in this College or elsewhere.

A list of courses open to advanced placement examination, including the dates of the examinations, will be maintained in the Office of Student Personnel Services. Insofar as possible, nationally known tests will be used for advanced placement examinations. For those courses having no equivalent national test, a departmental test will be used. When a course has an associated laboratory, an evaluation of practice may be necessary.

Departmental advanced placement examinations in college courses given locally may or may not be transferrable. It is the student's responsibility to consult the senior college of his choice as to whether the college or university will accept locally prepared advanced placement examinations.

An advanced placement examination fee of \$25.00 per course will be charged. The examination must be completed with a grade of B or above. A conversion scale is available for national tests which are scored using methods other than percentage.

Student Procedure for Advanced Placement Examinations

1. Obtain form for credit by examination from the Office of Student Personnel Services.
2. Complete the form obtaining the indicated signatures.
3. Take the form to the examination room on the scheduled date.
4. Complete the examination.

Results of the test will be mailed to the student. It is recommended that the student make an appointment with the appropriate Department Chairman to discuss test results.

High school seniors enrolled in major works or other college level courses should consult with their counselors about registering for and taking the CEEB Advanced Placement Examinations. Information concerning these examinations may also be obtained from the College Entrance Board, Box 592, Princeton, N.J., 08540. CEEB Advanced Placement Examinations are accepted by, but not given by, Galveston College. For further information on acceptable CEEB tests, consult the Chairman of the appropriate department at Galveston College.

Responsibilities of Department Chairman

1. Select, or develop, tests for courses open to advanced placement.
2. Prepare list of courses open to advanced placement examination and submit the list to the Office of Student Personnel Services.
3. Prepare conversion scale for national tests if appropriate.
4. Administer and score those tests which are not administered through the Office of Student Personnel Services.

Responsibilities of Office of Student Personnel Services

1. Work with departments to develop schedule for administration of examinations and maintain same.
2. Counsel students in regard to availability of tests.
3. Administer selected examinations when requested by Department Chairman to do so.

HONOR STUDENTS

A President's List is published each semester listing the names of full-time students who achieve a grade point average of 3.5 or better in that semester.

A Dean's List is also published each semester listing the names of full-time students who achieve a grade point average of 3.0 to 3.4 in that semester.

Students with grades of "IP" are not eligible for honors.

Developmental courses (example BENG 131, BIOL 031, MATH 041) do not count for honors.

PART-TIME STUDENTS' HONORS LIST

Students taking less than twelve semester credit hours who achieve a grade point average of 3.5 or better, excluding developmental courses, I and IP grades, will be eligible for recognition during the fall and spring semesters. The Part-time Students' Honors List will not be computed during the summer sessions.

GRADUATION WITH HONORS' LIST

Students who graduate from Galveston College with an overall grade point average of 3.0 to 3.4 on all work taken at Galveston College will be graduated with "honors." Students achieving an overall grade point average of 3.5 or better on all work taken at Galveston College will be graduated with "high honors." These notations will be made on the student's permanent record.

WITHDRAWAL FROM COLLEGE

Any student withdrawing from the College must obtain the proper forms from the Registrar's Office and *secure clearance* as indicated on the forms. Students must also turn in identification card to the Student Personnel Office at the time of withdrawal. All indebtedness to the College must be satisfied in the Business Office prior to withdrawal. When all financial affairs are satisfactorily arranged, student grades and transcripts will become available. Students who do not complete all forms will *receive a grade/s of F*. The date of withdrawal will be the date the form is completed and the above conditions are satisfied.

STUDENT DISCIPLINARY PROCEDURES

All complaints regarding student behavior from whatever source should be addressed to the Director of Student Personnel Services. Any infraction of College rules and policies should be reported if corrective action is to be taken. All complaints must be submitted in writing, as well as orally, and must contain the name of the student or students, persons directly involved, or witnesses to the infraction, the time and place of the infraction, and action, if any, taken to halt the alleged offense.

The Director of Student Personnel Services may: (1) refer the complaint to the Faculty Committee on Student Status for appropriate action; (2) discuss the matter with the accused student or students; (3) dismiss the complaint after appropriate notification to all parties involved.

The Faculty Committee on Student Status shall be responsible for: (1) full investigation of all problems brought before it by the Director of Student Personnel Services; (2) hearing students accused of infractions of the College rules or policies; (3) recommendations for action to the Director of Student Personnel Services.

Each student accused of an infraction of the rules or policies of the College shall have the right to be heard by the Director of Student Personnel Services or by the Faculty Committee on Student Status in the presence of his accusers.

When the Faculty Committee on Student Status has recommended, and the Director of Student Personnel Services has determined upon an appropriate course of action, an accused student shall be informed of the proposed course of action and his right to appeal the decision of the Director of Student Personnel Services to the President of the College.

The final authority in the College for the disposition of cases involving student infractions of the rules or the policies of the College resides with the Board of Regents of the College.

SUMMONS TO ADMINISTRATIVE OFFICES

At times it becomes necessary that a student be requested to report to an administrative office for a conference. The summons may be transmitted by letter, by telephone, by notices on bulletin boards, or by other means of communication. A student who receives a summons is expected to report immediately. Failure to heed such summons may make a student liable to suspension.

DEGREES

Galveston College offers three degree plans: (1) Associate in Arts; (2) Associate in Science; and (3) Associate in Applied Science. The College also offers two types of certificates: (1) Certificate of Completion (non-degree, adult education and terminal programs) and (2) Certificate of Graduation (non-degree, one year terminal programs; i.e., Vocational Nursing.)

All students interested in obtaining a degree from Galveston College must file a degree plan no later than the end of their first year of attendance at Galveston College.

This form is available in the Counselor's office.

***Notes Regarding Physical Education Requirements:**

Note 1: Students are exempt from the physical education requirements under the following conditions:

1. If the student is a veteran of the armed services.
2. If the student is 22 years of age or older at the time of enrollment.
3. If the student is physically handicapped.
4. If the student is enrolled in a specialized program with no physical education requirement.
5. If the student completes all other requirements for graduation by attending evening classes.

Note 2: Excess of four (4) semester hours of physical education activity courses counting toward a degree are limited to physical education majors or minors. Exceptions will be considered by special petition made to the Director of Student Personnel Services.

TRANSFER OF CREDIT

The successful transfer of college credit to another institution of higher education depends largely upon proper course selection by the student and the quality of work done by the student.

Students who are planning to transfer to a senior college or university are required to select a field of study and a specific receiving college or university no later than the end of their first year of attendance.

Galveston College will accept for transfer credit all work for which the student has received a passing grade and which is applicable to the student's educational program. All transfer courses of unusual nature will be presented to the appropriate department chairman for evaluation before being credited toward a degree.

Although professional staff members are available to help students in these matters, it is the responsibility of the student to formulate scholastic objectives and to know the requirements for fulfilling those objectives.

TRANSCRIPTS

Transcripts are issued by the Office of the Registrar. Students in good standing receive one copy of their permanent record at no cost. Additional copies may be ordered for a cost of \$1 each. This fee must be paid in advance.

CHANGE OF ADDRESS

Students must report any change of mailing address to the Registrar.

CHANGE OF NAME

The listing of your name at Galveston College is originally recorded from your admission application. A change of your name thereafter, by marriage or for any other reason, should be promptly reported to the Office of the Registrar.

GRADUATION PROCEDURES

The procedures for graduation are enumerated below:

1. File an application for graduation form with a Counselor.*

* This is not the same as filing a degree plan.

BRAZOSPORT-GALVESTON COLLEGE COOPERATIVE

ASSOCIATE DEGREE NURSING PROGRAM

1. Students may file at either College – but not both.
2. Galveston College candidates must meet requirements as outlined in Galveston College catalog. Brazosport candidates must meet requirements as outlined in Brazosport catalog.
Note: The last 18 semester hours required to be completed at Galveston College DOES NOT apply to the Cooperative students.
3. Brazosport candidates will complete all steps except Number 8 at Brazosport campus.
4. Nursing Certification Fee – \$10.00

EDUCATIONAL PROGRAMS

Galveston College involves itself in the continuing development of a wide range of curricular offerings suitable to the needs and interests of its citizenry.

The university parallel program, the occupational education program, and the continuing education program are the three basic types of educational programs presently offered by the College.

THE UNIVERSITY PARALLEL PROGRAM

The primary purpose of the university parallel program is to provide instruction appropriate to the needs of students who wish to continue their education in senior colleges and universities.

The development of the university parallel curricula is guided by the recommendations of the Coordinating Board, Texas College and University System. These guidelines are results of the efforts of this Board to develop a "Basic core of general academic courses which, when offered at a junior college during the first two years of collegiate study, shall be freely transferable among all public institutions of higher education in Texas who (sic) are members of recognized accrediting agencies on the same basis as if the work had been taken at the receiving institution."

Course credits which are "freely transferable" must apply toward degree requirements at the senior colleges. Inasmuch as degree requirements vary widely for different majors, core curricula must also vary according to majors. Because of the importance of the student's major, the student is required to declare his major field no later than the end of his first year of attendance at the junior college and upon request for admission by transfer to a senior institution.

THE OCCUPATIONAL EDUCATION PROGRAM

The primary purpose of the Occupational Education programs are to prepare students for entry into, and advancement in, semi-professional careers and do not require four years of college preparation. The programs are not planned with transfer credit as the desired objective; however, many colleges and universities will accept all or part of credits earned in certain Associate and Applied Science degree programs.

THE CONTINUING EDUCATION PROGRAM

The basic objective of the program is to make the educational resources of the college available to the general public. This objective is accomplished through the development of non-credit courses in response to existing needs and interests within the community.

Any person or persons wishing to have a course developed for a particular purpose should contact the Director of Continuing Education. If it can be determined that sufficient interest exists and if a qualified instructor can be secured, a course will be developed, provided adequate facilities are available.

Continuing education courses address themselves to both vocational and avocational subject and skill areas. The courses are normally less than semester-length and are scheduled to begin at various times during the year.

EVENING DIVISION

The Evening Division of Galveston College is a continuation of the regular day program. All policies and procedures of the day program apply to evening division students. Services available to day students are made available to evening division students.

This catalog applies to all Galveston College students.

SUGGESTED CURRICULA

The programs listed in this catalog are *suggested guidelines* only. In most instances, alternatives are available for the student's consideration. The final responsibility for proper course selection rests with the student. College counselors are available to the student who needs professional assistance in program planning. Faculty members are also available to students for consultation in specialized areas.

The suggested university parallel programs listed in this catalog were developed using guidelines recently adopted by the Coordinating Board, Texas College and University System.

EXPLANATION OF THE COURSE NUMBER SYSTEM

The courses offered by Galveston College usually carry three digit numbers (for example, History 131). However, in two departments many of the courses carry four-digit numbers (for example, Music 1301 and Physical Education 1101).

In this system of course numbering, the first numeral indicates the level of the course ("0" indicates developmental level, "1" indicates freshman level and "2" indicates sophomore level).

The second numeral in the course number indicates the semester-hour credit assigned to the course ("0" indicates no credit value, "1" indicates one semester hour credit, "2" indicates two semester hours credit, "3" indicates three semester hours credit, and "4" indicates four semester hours credit).

The third numeral, in the case of a three-digit number, or the third and fourth numerals, in the case of a four-digit number, usually indicate the sequence in which the courses should be taken (for example, English 131 is understood to precede English 132 normally).

SUGGESTED CURRICULA UNIVERSITY PARALLEL PROGRAMS

These programs are designed to lead to an Associate of Arts or an Associate of Science Degree and should be regarded as *guidelines* to assist a student in planning his individual course of study.

Each student should study the curriculum carefully and should schedule a counseling interview to determine required course work in the curriculum of the school to which he desires to transfer for upper division work. It is suggested that each student consult with a counselor before each registration period to evaluate his progress toward the completion of an Associate degree or the completion of the required work for transfer to the upper division of a senior institution.

SUGGESTED CURRICULA
OCCUPATIONAL EDUCATION PROGRAMS

The following curricula are designed to lead to an Associate in Applied Science Degree.

Because of the strict requirements for licensure or certification in many professions, these curricula are restrictive in nature and are designed to facilitate a rapid entry into a specialized field of employment.

Students are cautioned to review carefully their program progress with the College counselors and the departmental chairman of the particular program in which they are studying. Departures from prescribed curricula *must* be approved by the departmental chairman and may lead to an extension of time required to complete prescribed requirements.

ASSOCIATE DEGREE NURSING

**APPROVED BY THE BOARD OF NURSE EXAMINERS
FOR THE STATE OF TEXAS**

1. Students must maintain a grade of C, or better, in nursing and science courses for progression in the program. In addition, nursing majors must meet the academic standards required of all students at Galveston College.
2. A student who fails to receive a "satisfactory" evaluation in the clinical practice laboratory will receive a failing grade in a nursing course regardless of the theory grade ahead.
3. All courses in the Nursing curriculum, as outlined below, must be taken in sequence, except by permission of the Department Chairman.
4. Students must follow catalog requirements *in effect when officially accepted and enrolled in the ADN nursing program.*
5. Students may enroll in each course twice if such is necessary for satisfactory achievement of course objectives. Should further repeats be necessary, permission is required from the Associate Degree Nursing Department.

**BRAZOSPORT – GALVESTON COLLEGES COOPERATIVE
ASSOCIATE DEGREE NURSING PROGRAM**

Galveston College offers a nursing major in cooperation with Brazosport College. All general education courses, Nursing 161, Nursing 162, Nursing 263 and Nursing 215 are offered on the Brazosport College campus. Nursing 153, Nursing 261, Nursing 262 and Nursing 254 are offered on the Galveston College campus only. The Community Hospital of Brazosport is used as a clinical facility. For course descriptions of the general education courses see the Brazosport College Catalog. For information concerning enrollment, contact the Office of the Dean of Students at Brazosport College.

CURRICULA FOR CERTIFICATE PROGRAMS

The following curricula are designed for an intensive program leading to a Certificate of Proficiency in their respective areas and immediate employment in these areas.

Generally, no deviation is allowed within the prescribed program. All students are *required* to counsel with the departmental chairman prior to enrollment in these programs.

INDUSTRIAL ELECTRONICS

(Two Semester Certificate Program)

(960 Contact Hours)

Program Objectives

To prepare entry level industrial electronics servicemen. Because of the Marine industry the emphasis will be on Marine communication equipment. The Federal Communications Commission Second Class license will be an objective of the program.

Program Content

The program will include class and laboratory work in all phases of installation trouble-shooting, repair and alignment of Marine Communications equipment, Marine navigational aids, Microwave communications equipment and industrial control equipment. Special test equipment, and required mathematics will also be taught.

UNIT	COURSE
I.	Related Instruction
II.	Basic Electricity and Electronics

INDUSTRIAL ENGINE MECHANICS

(Two Semester Certificate Program)

(960 contact hours)

Applicants should contact Galveston College counselors for admission.

The Industrial Engine Mechanics program is to train entry level industrial engine mechanics to assist the journeyman level mechanic in maintenance, repair, fuel system check, tune up and engine installations.

The program will include classroom and shop experiences in all phases of repair work on both gasoline and diesel engines used to power mobile, stationary, marine, and similar equipment units. Instruction and practice to be provided in diagnosis of malfunction; disassembly of engines and examination of parts; measuring and replacing parts; checking, timing, and replacing ignition and fuel systems, oil and water pumps, generators, governors, controls and auxiliary units. The uses of technical manuals, of a variety of hand and power tools, and of testing and diagnostic equipment also are studied.

NURSE ASSISTANT

(One Semester Certificate Program)

(480 Contact Hours)

This program prepares qualified men and women to give effective nursing care to selected patients, to make and report observations, and to carry out routine aspects of ward management. Classroom teaching is centered around modern concepts of health, functional relationships within a hospital, fundamentals of effective inter-personal relations, and nursing procedures related to daily needs of patients and to common therapeutic measures. Clinical experiences provide opportunities for applying classroom learnings to practice in the hospital setting, and introduce the student to possible specialty areas.

UNIT	COURSE
I.	Introduction to Role of Nurse Assistant
II.	Understanding Effects of Illness
III.	Making Observations on Patients
IV.	Safety Measures in Cure of the Sick
V.	Measures to Promote the Patient's Comfort
VI.	Measures Related to the Patient's Illness
VII.	Specialized Nurse Assistant Activities
VIII.	Becoming a Hospital Employee

You must maintain a "C" average to successfully complete the Nurse Assistant Program or to receive the certificate.

REFRIGERATION MECHANICS

**GALVESTON—BRAZOSPORT COLLEGES COOPERATIVE
OCEANIC AND MARINE TECHNOLOGY PROGRAM**

The cooperative Oceanic and Marine Technology program is designed to provide opportunities in the Marine Industry to students in the Galveston area. The related technical courses are co-administered by Galveston College and Brazosport College. The Oceanic Marine Technology is administered by Brazosport College.

Students enrolled in the cooperative program register at Galveston College for related technical courses. Courses in the Oceanic and Marine Technology courses register with Brazosport College.

Students entering the Oceanic and Marine Technology program will meet on the Galveston College campus Monday, Wednesday, Thursday and Friday, and will meet on the Brazosport College campus on Tuesday

for special laboratories aboard training vessels; or the Brazosport College Marine Laboratory for the first nine (9) months. Flexibility for this phase of the program is necessary due to unfavorable weather conditions that may prevent sea-going laboratory exercises.

The summer sessions will meet on the Brazosport College campus for a six-week commercial-industrial practicum.

At the completion of the first year, student is eligible for a certificate and qualified for immediate employment in industry; he will also have prepared for U.S. Coast Guard examinations; continuation in the program for the second year will lead to an Associate of Applied Science degree; the summer semester is encouraged for certificate program students and required in the degree program.

The second year of the program is offered only on the Brazosport College campus and students who wish to pursue the Associate and Applied Science degree will have to register and attend Brazosport College.

THE CONTINUING EDUCATION PROGRAM

The basic objective of the program is to make the educational resources of the college available to the general public. This objective is accomplished through the development of non-credit courses in response to existing needs and interests within the community.

Any person or persons wishing to have a course developed for a particular purpose should contact the Director of Continuing Education. If it can be determined that sufficient interest exists and if a qualified instructor can be secured, a course will be developed, provided adequate facilities are available.

Continuing Education courses address themselves to both vocational and avocational subject and skill areas. The courses are normally less than semester-length and are scheduled to begin at various times during the year.

REGISTRATION FOR NON-CREDIT CLASSIFICATION

There are two options available to persons whose aspirations are other than the accumulation of college credit. These options are as follows: (1) Enrolling on a non-credit basis in courses that normally carry college credit, and, (2) enrolling in Continuing Education courses.

To enroll under Option 1, persons register during the regular registration period as specified in this catalog and are assessed fees and tuition costs as if registering for credit. The intent of enrolling on a non-credit basis must be stated at the time of registration and becomes final upon the close of registration.

Since Continuing Education courses begin at different times during the semester, there is no specified registration period for persons choosing Option 2. Registration fees for Continuing Education courses are determined by a number of factors; therefore, there is variation among the fees charged for courses offered.

There are no stated requirements to be fulfilled by persons wishing to enroll on a non-credit basis. The application for admission is not required, nor are transcripts, ACT scores, and other related data.

RECOGNITION OF WORK COMPLETED

Persons enrolled on a non-credit basis under Option 1 do not receive grades or transcripts for work completed.

Certificates are awarded to persons satisfactorily fulfilling the requirements of individual Continuing Education courses.

The Continuing Education Division of the College will plan new courses, programs, or seminars with business, industry, and individuals and groups in the community. The College will constantly endeavor to meet educational needs of the community and will develop special programs in response to demands.

All questions concerning Continuing Education programs should be directed to the office of the Director of Continuing Education, Galveston College, 4015 Avenue Q, 763-6551, Ex. 252 or 253.

COMMUNICATIVE SKILLS

The Communicative Skills Department offers courses in Reading Skills, Reading Improvement and Developmental Reading for International Students. The basic objective is to produce competency in reading and communication skills necessary to effectively fulfill the reading tasks required in college level courses.

Students who score 11 or below on the ACT Social Science Sub-test will be administered the Stanford Diagnostic Reading Test. If a score of (158), Level V, is not achieved, the students will be scheduled into reading classes in appropriate levels as indicated by test scores. Enrollment in these classes will continue until Level V is attained.

If the reading test score on the ACT is 4 or less, students may, through counseling, be scheduled in the Reading Skills Class prior to enrollment in Reading Improvement.

International students who score less than 450 on the TOEFL or less than 85 on the Michigan Test will be scheduled into Developmental Reading for International Students.

SPEECH, DRAMA & COMMUNITY THEATRE

The Department of Speech, Drama and Community Theatre offers the student pursuing the associate degree or a bachelors degree in Speech or Theatre the unique opportunity to participate in certified credit courses, as well as professional theatrical productions, through the Galveston College Community Theatre program.

This program utilizes the skills of degreed college instructors and talented community volunteers, as well as professional actors and technicians, to provide a working theatre experience for the student.

This "working theatre" is housed in the new Fort Crockett Complex and features the latest innovations in theatrical equipment. The intimate arena stage will seat one hundred and fifty people.

The speech student seeking a four year college scholarship is encouraged to look into the Galveston College program. Here you will be provided the opportunity to compete with major universities on the "tournament circuit" and get college credit at the same time. Consequently, four year schools get a live audition of your talents.

The drama student might well consider Galveston College also. Here, the student will receive professional instruction as well as practical experience in the first two years of his education. Generally in a four year university this "stage experience" will come during the last two years.

Qualified students in both speech and drama are eligible for scholarships awarded through the Department of Speech, Drama and Community Theatre.

(3-0) Credit: 3.

Prerequisite: Business Mathematics 133, or equivalent, or permission of instructor.

Compound interest, annuities, insurance, payrolls and taxes, depreciation, financial statements, statistics and graphs, stocks and bonds. (170112)

M A T H E M A T I C S

MATHEMATICS 011—Basic Mathematics (3-2) Credit: 1.
Daily for 5 weeks.

Prerequisite: None.

Fundamental operations with fractions—decimals, ratio and proportion—conversion of units. (170091)

MATHEMATICS 012—Basic Mathematics (3-2) Credit: 1.
Daily for 5 weeks.

Prerequisite: Mathematics 011 or consent of instructor.

Percentage, applications, graphical construction and interpretation, working with formulas. (170091)

MATHEMATICS 013—Basic Mathematics (3-2) Credit: 1.
Daily for 5 weeks.

Prerequisite: Mathematics 012 or consent of instructor.

Basic geometry, scientific notation and selected topics from elementary algebra such as inverse square law, solution of simple linear equations and problem solving. (170091)

MATHEMATICS 041—Basic Algebra (3-2) Credit: 4.

Prerequisite: None.

A one-semester course covering the topics of high school algebra for the student who needs to review algebra before continuing college level mathematics. Topics are taken from exponents and radicals, factoring, fractions, linear equations, functions and quadratic equations. (170102). Formerly Math 032.

MATHEMATICS 134—Finite Business Mathematics (3-0) Credit: 3.

Prerequisite: Mathematics 041 or two years high school algebra or consent of instructor.

An introduction to topics from college algebra from the finite point of view with numerous applications to business. The course stresses logic, probability theory, elementary decision theory and matrices. (170113)

MATHEMATICS 135—Analysis for Business Decisions (3-0) Credit: 3.

Prerequisite: Mathematics 134 or consent of instructor.

An introduction to topics from analytic geometry and calculus as applied to business and economics. Maxima and minima of functions, non-linear curves, linear programming and difference equations. (170113)

MATHEMATICS 138—Analytic Geometry (3-0) Credit: 3.

Prerequisite: Mathematics 142 and 143, or consent of instructor.

Introductory concepts, the straight line, circle, conics, transformation of coordinates, curve sketching, polar coordinates, parametric equations and an introduction to three dimensions. (170109)

MATHEMATICS 139—Calculus I (3-0) Credit: 3.

Prerequisite: Mathematics 138.

Limits, definition of the derivative, derivatives of algebraic functions, differentials, applications of derivatives, maxima and minima, the mean value theorem, introduction to integration, definite and indefinite integrals. (170110)

MATHEMATICS 141—College Algebra (3-2) Credit: 4.

Prerequisite: Mathematics 041 or two years high school algebra.

An introduction to the basic concepts of modern algebra. Topics are taken from logic and set theory, the development of the number systems, relations, functions, equations, inequalities, determinants and matrices, probability and mathematical induction. (170108) Formerly Math 131.

MATHEMATICS 142—Advanced College Algebra (3-2) Credit: 4.

Prerequisite: Mathematics 041 or Mathematics 141 or two years high school algebra.

SUGGESTED FOR SCIENCE, ENGINEERING, MATHEMATICS OR BUSINESS MAJORS.

Topics are taken from logarithms, the binomial theorem, mathematical induction, progressions, inequalities, systems of equations, determinants, permutations, combinations, probability, complex numbers, theory of equations and partial fractions. (170108) Formerly Math 133.

MATHEMATICS 143—Plane Trigonometry (3-2) Credit: 4.

Prerequisite: Mathematics 032 or two years high school algebra.

The trigonometric functions and their application, equations and identities; solution of the right triangle and oblique triangle; radian measure. (170104)

MATHEMATICS 144—Technical Mathematics I (3-2) Credit: 4.

Prerequisite: None.

SUGGESTED FOR STUDENTS REGISTERED IN TECHNICAL-VOCA-TIONAL PROGRAMS.

A course in Basic Algebra and the use of slide rule with problems applied to Technology. Topics will be taken from Basic Algebra, linear and quadratic equations, radicals, logarithms and exponentials. (9421)

MATHEMATICS 145—Technical Mathematics II (3-2) Credit: 4.

Prerequisite: Math 144.

SUGGESTED FOR STUDENTS REGISTERED IN TECHNICAL-VOCA-
TIONAL PROGRAMS.

A continuation of the study of algebra, trigonometric functions, graphs of trigonometric functions, solution of triangles, elementary identities as needed in Technical Math III. (9421)

MATHEMATICS 231—Calculus II (3-0) Credit: 3.

Prerequisite: Mathematics 139

Differentiation and integration of transcendental functions, methods of integration for more complex functions, hyperbolic functions, an introduction to vectors and partial differentiation. (170110)

MATHEMATICS 232—Calculus III (3-0) Credit: 3.

Prerequisite: Mathematics 231.

Partial differentiation, line integrals, multiple integrals, infinite series and differential equations. (170110)

**MATHEMATICS 233—Mathematics for Elementary School
Teachers** (3-0) Credit: 3.

Prerequisite: None.

Set theory, history of numeration, system of natural numbers, integers and rational numbers with emphasis on the fundamental algorithms of arithmetic. Designed for elementary education majors. (170117)

**MATHEMATICS 234—Mathematics for Elementary School
Teachers** (3-0) Credit: 3.

Prerequisite: Mathematics 233.

A continuation of Math 233 completing the real number system. Deductive and inductive proof. Metric geometry with emphasis on construction. Congruence relations, groups, rings, integral domains and fields. Introduction to function theory. (170117)

MATHEMATICS 235—Technical Mathematics III

(3-0) Credit: 3.

Prerequisite: Math 145.

SUGGESTED FOR STUDENTS REGISTERED IN TECHNICAL—VOCATIONAL PROGRAMS.

This course is to include the concepts of Analytical Geometry. Differential and Integral Calculus will be touched on with applications to technology. (9421)

PHYSICAL SCIENCES

(1900)

CHEMISTRY

CHEMISTRY 141—General Chemistry

(3-3) Credit: 4.

Prerequisite: High School Chemistry or Physical Science 032, or consent of instructor. Lab Fee \$8.00

Principles and methods of inorganic chemistry; nature of matter; description and structure of atoms, molecules, and chemical bonds; laws governing the gaseous, liquid and solid states and changes of state; properties of solutions and dispersion; kinetics and equilibria of reactions. (190502)

CHEMISTRY 142—General Chemistry (3-3) Credit: 4.

Prerequisite: Chemistry 141. Lab Fee: \$8.00

Application of the principles and methods of inorganic chemistry to the elements and their compounds; hydrogen, oxygen and water; alkali metals, alkaline-earth metals, transition elements, elements of Groups III, IV, V and VI; halogens; introductions to organic chemistry and radioactivity. (190502)

CHEMISTRY 143—Fundamentals of Chemistry (3-3) Credit: 4

Prerequisite: Math 013 or 2 years of high school algebra or 15 or above on ACT in Mathematics part or consent of instructor.

A comprehensive study of the principles and laws of chemistry, with emphasis on structure of matter, the periodic table, and behavior of solutions; introduction to equilibrium, colloids, and nuclear chemistry. Designed primarily for students in the health occupations. (190501).

CHEMISTRY 144—Introduction to Organic and Physiological Chemistry (3-3) Credit: 4

Prerequisite: Chemistry 143 or 141

Elementary organic chemistry, both aliphatic and aromatic; introduction to the chemistry of carbohydrates, proteins, fats, blood, urine, vitamins, and hormones. A continuation of Chemistry 143, designed primarily for students in the health occupations. (190501).

CHEMISTRY 241—Quantitative Analysis (3-5) Credit: 4.

Prerequisite: Chemistry 142. Lab Fee: \$8.00

Theory and practice of analytical chemistry. Theory and problems deal with stoichiometry, equilibrium, oxidation-reduction, potentiometry and electrochemical methods. Laboratory experiments emphasize volumetric and gravimetric techniques. (190901)

CHEMISTRY 243—Organic Chemistry (3-3) Credit: 4.

Prerequisite: Chemistry 142. Lab Fee: \$8.00

Principles of organic chemistry. Structure, nomenclature, occurrence and physical properties of organic compounds. Chemical bonds and stereochemistry in organic compounds. Introduction to organic reactions. (190701)

CHEMISTRY 244—Organic Chemistry (3-3) Credit: 4.

Prerequisite: Chemistry 243. Lab Fee: \$8.00

Organic reactions; elaboration of fundamentals learned in Chemistry 243 through treatment of chemistry of nature and biological products, petroleum, polymers and other important materials. (190701)

PHYSICAL SCIENCES

PHYSICAL SCIENCE 032—Introduction to Physical Sciences (3-0) Credit: 3

Prerequisite: None

Introductory course for those without prior training in chemistry. Covers basics of atomic and molecular structure; acids, bases, and salts; aqueous solutions; chemical reactions, including oxidation and reduction; chemical and other types of energy; organic chemistry and biochemistry. (190091)

PHYSICAL SCIENCE 241—Physical Science for Health Occupations (4-0) Credit: 4.

Prerequisite: College Algebra, Grade of B in Basic Algebra, two years of high school algebra or consent of instructor.

Theory of matter, structure of atoms and molecules, valance and binding, oxidation and reduction, nature of acids and bases, heat and the states of matter. The atmosphere, its constituents, the gas laws, diffusion, and laminar and turbulent flow of fluids. (190101)

PHYSICS

PHYSICS 143—Contemporary Physics I (3-3) Credit: 4.

Prerequisite: Mathematics 013 or consent of instructor. Lab Fee: \$8.00

A course designed for liberal arts students. Selected topics in physics include: language of physics, dimensions, forces, momentum, energy, fields, electricity, waves, relativity, quantum theory, atoms and quanta, structure of matter, nuclear physics, astrophysics and cosmology. Laboratory experiments coincide with the physics topics. (190201)

PHYSICS 144—Contemporary Physics II (3-3) Credit: 4.

Prerequisite: Physics 143. Lab Fee: \$8.00

Continuation of Physics 143. (190201)

PHYSICS 231—Radiologic Physics I (3) Credit: 3.

Prerequisite: Mathematics 013

Matter, energy, basic electricity, AC and DC circuits, electrical devices, X-ray machine design and operation, X-rays and other radiation, production and interaction. Radiation protection. Formerly Physics 246. (6216)

This course is taken concurrently with AHO 155.

PHYSICS 232—Radiologic Physics II (3-0) Credit: 3.

Prerequisite: Physics 231 and AHO 155

Continuation of Physics 231. (6216)

This course is taken concurrently with AHO 241 and 242.

PHYSICS 241—General Physics I (3-3) Credit: 4.

Prerequisite: Mathematics 141 or equivalent. Lab Fee: \$8.00

Force and motion, work, energy and power circular motion, momentum, vibratory motion, properties of solids and liquids, fluid mechanics, heat, sound and molecular theory of matter. (190201)

PHYSICS 242—General Physics II (3-3) Credit: 4.

Prerequisite: Physics 241. Lab Fee: \$8.00

Continuation of Physics 241. Optics, reflection, refraction, interference, diffraction and polarization. Electric charges and fields, potential, capacitance, electric currents, magnetic fields and selected topics in Modern Physics. (190201)

PHYSICS 243, 244, 245—see PHYSICS (0900), page 128.

PSYCHOLOGY

(2000)

PSYCHOLOGY 131 – Introduction to Psychology (3-0) Credit: 3.

Prerequisite: None.

An analysis of elementary principles of behavior, motivations, emotions, individual differences, and theories of personality. Emphasis on terminology, environmental influences, and concepts developed. Also, an introduction to adjustment procedures, human growth and development, and statistical methods. (200101)

PSYCHOLOGY 134 – Psychology of Adjustment (3-0) Credit: 3.

Prerequisite: Psychology 131.

An applied course which utilizes empirically proven techniques to demonstrate to the student methods of behavior modification in both academic and personal situations. Subject matter and programming skills include basic principles of learning, use of reinforcement, scheduling, desensitization of anxiety, token economies and self-reinforcement. (200502)

PSYCHOLOGY 231 – Child Growth and Development (3-0) Credit: 3.

Prerequisite: Psychology 131.

Human psychological development from birth to adulthood. The birth of the baby; from organism to person; the infant; the toddler; the preschool child, the middle years of childhood, adolescence; disturbances in development; the study of children. (200902)

PSYCHOLOGY 232 – Adult Development (3-0) Credit: 3.

Prerequisite: Psychology 131 and 231.

Physical changes and psychological development from the end of adolescence to senescence. (200951)

PSYCHOLOGY 233 – Psychology of Personality (3-0) Credit: 3.

Prerequisite: Psychology 131.

A comparative approach which parallels the traditional intrapsychic, Medical Model theories with the more empirically based behavioral viewpoint. This approach considers the major variables affecting personality development, personality assessment, and behavior change techniques as related to abnormal behavior. (200503)

PSYCHOLOGY 234 – Statistical Methods in Psychology (3-0) Credit: 3.

Prerequisite: Psychology 131 or consent of instructor.

Measures of central tendency and variability; statistical inference; correlation and regression. (200701)

PSYCHOLOGY 235—Social Psychology (3-0) Credit: 3.

Prerequisite: Psychology 131

A study of the psychological principles responsible for man's interaction with others. Surveys the traditional and current topics of group behavior, conformity, attitudes and attitude change, aggression and violence. Some topics deal mainly with theoretical issues, while others are completely empirical. Covers all the major research areas. (200501)

SOCIAL SCIENCE 231—HUMAN SEXUALITY

(3-0) Credit: 3.

Prerequisite: None

Covers in substantive form the interdisciplinary field of human sexuality. Anatomical, physiological, psychological, anthropological, sociological, medical, legal, and artistic aspects of the subject are covered. (Does not give credit as a course in psychology for psychology majors.) (220811)

SOCIAL SCIENCES

(2200)

ECONOMICS

ECONOMICS 231—Principles of Economics I (3-0) Credit: 3.

Prerequisite: Sophomore standing or consent of instructor.

A study of the principles of economics. The factors of production and the concepts of distribution as these factors and concepts are related to our highly industrial economy; wages, interest, rent, profit, consumption, saving, investment, and the business cycle, national income, and fiscal policy. (220401)

ECONOMICS 232—Principles of Economics II (3-0) Credit: 3.

Prerequisite: Economics 231 or consent of instructor.

A continuation of a study of the principles of economics, of production and of distribution; the fundamentals of supply and demand; labor, capital, natural resources, international trade, economic growth and current economic problems. (220401)

ECONOMICS 233—Introduction to Economics (3-0) Credit: 3.

Prerequisite: None.

Introduction to Economics is designed for students majoring in areas other than economics or business administration. Emphasis is placed on the American free enterprise system and the understanding of national economic policies and their objectives. (220402)

GEOGRAPHY

GEOGRAPHY 231—General World Geography (3-0) Credit: 3.

Prerequisite: None.

A study of the various peoples in other parts of the world; the relationship of human activities to the physical environment; map making and map interpretation. (220603)

GOVERNMENT

GOVERNMENT 231—Federal Government (3-0) Credit: 3.

Prerequisite: None.

Study of the government of the United States, its theory, principles and institutions. Political institutions and ideas, origins and development of the constitution, principles, political parties, legislative, executive and judicial branches, administration, financing, foreign relations and national defense. (220701)

GOVERNMENT 231H — American Government Honors Course (3-0) Credit: 3.

Prerequisite: 12 or more semester hours with 3.0 average or consent of instructor.

Study of the government of the United States, its theory, principles and institutions. Political institutions and ideas, origins and development of the constitution, principles, political parties legislative, executive and judicial branches, administration, financing, foreign relations and national defense. This course assumes a grasp of the essentials of American government and placed greater emphasis on current political problems and/or the individual interests of the student. (220751)

GOVERNMENT 233—Survey of American and Texas Govern- ment and Constitutions (3-0) Credit: 3.

Prerequisite: None.

THIS COURSE MEETS THE GOVERNMENT REQUIREMENT FOR TEXAS TEACHER CERTIFICATION AND THE GOVERNMENT REQUIREMENT FOR STUDENTS REGISTERED IN VOCATIONAL-TECHNICAL PROGRAMS. (A.A.S. Degree)

Study of the institutions of government and their functions from the local level to the national with particular emphasis on the city, county, and state governments. Examines in detail and on a comparative basis the United States and Texas Constitutions. (Formerly Survey of Government.) (220701)

**GOVERNMENT 233H – Survey of American and Texas
Government and Constitutions (3-0) Credit: 3.**

Prerequisite: Government 231H, 231 with "B", 12 or more hours with GPA of 3.0, or consent of instructor.

Study of the institutions of government and their functions from the local level to the national with particular emphasis on the city, county, and state governments. Examines in detail and on a comparative basis the United States and Texas Constitutions. Places a greater emphasis on current political problems and the individual interests of each student. (220751)

HISTORY

**AFRO-AMERICAN HISTORY AND CULTURE 131–
Introduction to Afro-American Studies (3-0) Credit: 3.**

Prerequisite: None.

The historical, economic, social and cultural development of Afro-American people with particular emphasis upon their contribution to American society. (221101)

HISTORY 131–United States History to 1865 (3-0) Credit: 3.

Prerequisite: None.

A study of the political, economic, social and intellectual history of the United States from discovery of America to the end of the Civil War. (220501)

**HISTORY 131H – United States History to 1865
Honors Course (3-0) Credit: 3.**

Prerequisite: An average grade of "B" or better on approved high school course work or consent of instructor. See counselor for further details.

A study of the political, economic, social, and intellectual history of the United States history from the discovery of America to the end of the Civil War, with special emphasis on individual and group projects. (220551)

**HISTORY 132 – United States History from 1865
(3-0) Credit: 3.**

Prerequisite: None.

A study of the political, economic, social and intellectual history of the United States from Reconstruction to the present day. (220501)

HISTORY 132H – United States History from 1865
Honors Course (3-0) Credit: 3.

Prerequisite: A grade of "B" or better in History 131 or 131H or consent of instructor.

A study of the political, economic, social and intellectual history of the United States from reconstruction to the present day, with special emphasis on individual and group projects. (220551)

HISTORY 231–Western Civilization (3-0) Credit: 3.

Prerequisite: None.

The political, economic, social and intellectual development of ancient, medieval and early modern civilizations; the ancient East, the contributions of Greece and Rome, the Church, feudalism, the commercial revolution, the Reformation and the early colonial movements. (220503)

HISTORY 232–Western Civilization (3-0) Credit: 3.

Prerequisite: None.

The political, economic, social and intellectual developments of modern Western civilization through the changes resulting from expansion and conflict with culture and civilizations native to Asia, Africa, and the New World; the development of nationalism, the industrial revolution, democracy, socialism and the conflicts of the twentieth century. (220503)

HISTORY 233–History of Texas (3-0) Credit: 3.

Prerequisite: None.

A survey of Texas history from colonization to the present day. Exploration and rivalry, Anglo-American colonization, relations with Mexico, the Texas Revolution, Texas as a republic, annexation, statehood, Civil War and reconstruction, and the political, social, economic and intellectual developments to the modern period. (220502)

**HISTORY 234–MEXICAN AMERICAN HISTORY AND
CULTURE**

(3-0) Credit: 3

Prerequisite: None

The historical, economic, social, cultural, and political development of the Mexican-American people with particular emphasis upon their contribution to American society. (221301)

SOCIOLOGY

SOCIOLOGY 131—Introduction to Sociology (3-0) Credit: 3.

Prerequisite: None.

The study of human society, human behavior and personality as a product of group life, human ecology and population, social organization, socio-cultural change, and current social problems. (220801)

SOCIOLOGY 133—Social Problems (3-0) Credit: 3.

Prerequisite: Sociology 131 or consent of instructor.

Identification and analysis of contemporary social problems. A study of the criteria for evaluating problems of social planning and a study of conventional solutions to these problems. (220802)

SOCIOLOGY 231—Marriage and Family (3-0) Credit: 3.

Prerequisite: Psychology 131.

A study of the problems of courtship, mate selection, and marriage adjustments. (220809)

**ANTHROPOLOGY 131—Introduction to Anthropology
(3-0) Credit: 3.**

Prerequisite: None.

Principles of physical and cultural anthropology; analysis of the cultures of prehistoric and existing preliterate people; impact of modern western culture on preliterate societies. (220201)

COOPERATIVE EDUCATION

COOPERATIVE EDUCATION 141 (1-20) Credit: 4.

Prerequisite: Approval of Director of Cooperative Education

A comprehensive treatment of internship related activities with individualized learning objectives structured to relate the student's major field of study with the internship position. Regularly scheduled seminars concentrate on proper interviewing techniques, letters of application and resume writing, case study methods towards human relations and effective communications on the job, investigation of the career and work environment, and an analysis of the chosen career, which includes appropriate curriculum requirements. (089950)

COOPERATIVE EDUCATION 241 (1-20) Credit: 4.

Prerequisite: Approval of Director of Cooperative Education.

A comprehensive treatment of internship related activities with individualized learning objectives structured to relate the student's major field of study with the internship position. Regularly scheduled seminars concentrate on the development of a philosophy towards work, effective-time management, value clarification, professional ethics and moral responsibilities encountered in the student's career choice. (089950)

COOPERATIVE EDUCATION 242 (1-20) Credit: 4.

Prerequisite: Approval of Director of Cooperative Education.

A comprehensive treatment of internship related activities with individualized learning objectives structured to relate the student's major field of study with the internship position. Regularly scheduled seminars concentrate on long-term employment considerations, including analysis of employee benefits, involvement in labor organizations, social security, insurance needs, retirement and a continuation of career development and evaluation. (089950)

OCCUPATIONAL EDUCATION

DISTRIBUTION AND MARKETING OCCUPATIONS

MID-MANAGEMENT (5621)

MANAGEMENT 131—Introduction to Management
(3-0) Credit: 3.

Prerequisite: None.

Introduction to the fundamentals of supervision. Personal adjustment, human relations and techniques applicable to middle-level management career objectives. (5621)

MANAGEMENT 132—Supervision and Personnel Administration
(3-0) Credit: 3.

Prerequisite: None.

A study of the methods used in business and industry to select and develop middle-level managers. Employee evaluation, placement and follow-up in meeting organizational objectives. (5621)

MANAGEMENT 231—HUMAN RELATIONS IN MANAGEMENT
Prerequisite: None (3-0) Credit: 3

A study of internal and external human relations and their effects on the growth and success of all organizations, both public and private. This course seeks the why, what and the how of establishing and maintaining favorable public image in business and management. (5621)

(This course replaces Management 231—Public Relations and Marketing).

MANAGEMENT 232—Industrial Management (3-0) Credit: 3.

Prerequisite: None.

Designed to explore key concepts in production and service industries. Areas of study include standardization, specialization, plant location and layout, purchasing and labor-relations. Actual case studies are presented for analysis and decision-making. (5621)

MANAGEMENT 233—Retail Management (3-0) Credit: 3.

Prerequisite: None.

A study of supervisory problems in retail marketing, employee-retention, advertising media and market analysis. Extensive use of case studies and role-playing. (5621)

MANAGEMENT 234—SALESMANSHIP (3-0) Credit: 3

Prerequisite: None

A study of promotional techniques used in the sale of products and services, with major emphasis on personal selling at a retail and wholesale level. Course will focus on job opportunities in sales management. (5621)

MANAGEMENT 235—Hospitality Management (3-0) Credit: 3.

Prerequisite: Management 131 and 132, or consent of instructor.

Deals with personnel recruitment and turnover, training techniques and morale. Keyed to materials and concepts emphasized by national and state professional organizations, with special emphasis on case studies and role-playing. (5621)

**MANAGEMENT 121 and 122 – Management Training
(0-20) Credit: 2.**

Prerequisite: Consent of Instructor.

On-the-job training and implementation under supervision of the employer in conjunction with the college coordinator of the skills, principles, and understanding obtained in the classroom. At least 20 laboratory hours a week. (5621)

**MANAGEMENT 221-222 – Management Training
(0-20) Credit: 2.**

Prerequisite: Management 121-122.

A continuation of Management 121 and 122. At least 20 laboratory hours a week. (5621)

**MANAGEMENT 113 and 114 – Management Seminar
(1-0) Credit: 1.**

Prerequisite: Consent of Instructor.

Encompasses student's on-the-job training and group discussions related to his work experience. Designed to bridge the gap between the theory of the classroom and application on-the-job. Meets one hour per week. (5621)

**MANAGEMENT 213 and 214 – Management Seminar
(1-0) Credit: 1.**

Prerequisite: Management 113 and 114.

A continuation of Management 113 and 114.

BANKING OPTION

BANKING 111—Planning Management Development (2-0) Credit: 1.

Prerequisite: None

This middle management seminar is designed to assist bank officers who are responsible for the planning, recruiting, and development of bank management personnel. Cases and outside readings are used in this seminar. It can be presented as a brief, intense workshop or as a twelve-session seminar. (5626)

BANKING 115—Loss Prevention (1-0) Credit: 1.

Prerequisite: None.

This seminar focuses on check cashing, check swindles, bank holdups, and security procedures. (5626)

BANKING 118—Bank Management by Objectives (1-0) Credit: 1.

Prerequisite: None.

This middle management seminar is designed to assist bank officers in learning how to translate bank problems into realistic goals, for the individual and the bank, through the management-by-objectives system. Cases and outside readings are used in this seminar. It can be presented as a brief, intense workshop or as an eight-session seminar. (5626)

BANKING 121—Orientation to Banking (2-0) Credit: 2.

Prerequisite: None.

This course is designed to combine **Selling Bank Services** and **The Starter Series**. Designed for tellers and new-accounts personnel, it is directed toward meeting customer needs in regard to checking accounts, saving services, loans to individuals, safe deposit boxes, and other services. It also includes an orientation of new employees in regard to developing an acceptable personal image and discover their place in Banking. (5626)

BANKING 122—Loan and Discount (2-0) Credit: 2.

Prerequisite: None.

This seminar teaches bank employees the essential facts about promissory notes, including calculating interest and discounting commercial paper; guaranties; general collateral agreements; examining and processing documents accompanying notes secured by stocks, bonds, and savings account passbooks, and the concepts of attachment, perfection, priority, default, and foreclosure. (5626)

BANKING 131—Principles of Bank Operations (3-0) Credit: 3.

Prerequisite: None.

This course presents the fundamentals of bank functions in a descriptive fashion so that the beginning banker may view his chosen profession in a broad (and operational) perspective. The descriptive orientation is intentional. Banking is increasingly dependent upon personnel who have the broad perspective so necessary for career advancement. (5626)

BANKING 132—Money and Banking (3-0) Credit: 3.

Prerequisite: None.

This course stresses the practical aspects of money and banking and emphasizes the basic monetary theory needs by the banking student to apply his knowledge to his particular job. Historical treatment has been kept to a minimum. Emphasis is also placed on such problems as economic stabilization, types of spending, the role of gold, limitations of central bank control, government fiscal policy, balance of payments, and foreign exchange, showing their repercussions on the banking industry in affecting yield curves and the structuring of portfolios. (5626)

BANKING 133—Credit Administration (3-0) Credit: 3.

Prerequisite: None.

This course, directed toward the executive level, concerns itself partly with a statement and a discussion of factors influencing and determining loan policy. Methods of credit investigation and analysis, credit techniques, specific credit problems, and regular, as well as unusual types of loans are discussed. (5626)

BANKING 134—Bank Letters and Reports (3-0) Credit: 3.

Prerequisite: None.

This course is designed for those bank officers, supervisors, and employees who dictate or review correspondence. Since bank letters are actually public relations documents, all persons should be familiar not only with the mechanical forms of bank letters but also with the psychological principles that help the letter writer achieve best results. The course reviews letter forms, emphasizes fundamental principles underlying modern correspondence, and examines different kinds of bank letters. (5626)

BANKING 135—Savings and Time Deposit Banking**(3-0) Credit: 3.***Prerequisite: None.*

This course reflects recognition of the fact that a knowledge of the historical development of savings institutions and an awareness of the basic economic function of the saving process are necessary to an understanding of the current operations and policies of these institutions. It begins with a review of the economics of the savings process in order to clarify important differences between financial savings by individuals or organizations and real saving that appear as capital formation. Different types of financial savings are reviewed in order to describe the system of financial flows of income to capital investment. (5626)

BANKING 139—Federal Regulations in Banking**(3-0) Credit: 3.***Prerequisite: None*

Acquaint the prospective banking student and employee with existing regulations in banking as prescribed by the federal government. (5626)

BANKING 211—Conference Planning and Leadership**(1-0) Credit: 1.***Prerequisite: None.*

This course is centered on a specific phase of the problem of human understanding. It is concerned with an important responsibility of management; to communicate and to coordinate ideas in the most effective way possible. It gives consideration to the dynamics of human interaction in groups convened to solve problems and make decisions. The essentials of parliamentary procedure are also stressed, thus presenting an effective technique for achieving consensus and formalizing and recording the decision-making process. (5626)

BANKING 231—Bank Investments**(3-0) Credit: 3.***Prerequisite: None.*

Because the bank's needs for primary reserves and loanable funds limit the funds available for investment, this course describes the nature of such funds and how their uses are determined. It also analyzes the primary and secondary reserve needs of commercial banks, the sources of reserves, and their random and cyclical fluctuations, showing the influence of these factors on investment policy. This analysis is followed by a study of yield changes as they affect a bank's long-term holdings. (5626)

BANKING 232—Bank Management**(3-0) Credit: 3.***Prerequisite: None.*

This course is based on the second edition of the text that presents new trends which have emerged in the philosophy and practice of management. The study and application of the principles outlined provide new and experienced bankers with a working knowledge of bank management. Since

case study is becoming well established as an effective management learning technique, this text also introduces the use of cases as a new element. (5626)

BANKING 233—Trust Functions and Services (3-0) Credit: 3.

Prerequisite: None.

This new course presents a complete picture of the services rendered by institutions engaged in trust business. Providing an introduction to the services and duties involved in trust operations, the course is intended for all bankers, not only those who are engaged in trust business. It endeavors to keep clear the distinction between business and legal aspects of trust functions. (5626)

BANKING 234—Installment Credit (3-0) Credit: 3.

Prerequisite: None.

In this course, the techniques of installment lending are presented concisely. Emphasis is placed on establishing the credit, obtaining and checking information, servicing the loan, and collecting the amounts due. Each phase of a bank's installment credit operation should be carefully scrutinized to be certain that the most efficient methods are employed, for only through an efficient operation can a bank maximize its profits on this particular kind of credit. Other topics discussed are inventory financing, special loan programs, business development and advertising, and the public relations aspect of installment lending. (5626)

BANKING 235—Analyzing Financial Statements (3-0) Credit: 3.

Prerequisite: None.

A fourth edition of the textbook is used for this course and is organized into two main sections: Characteristics of Financial Statements and Financial Statement Analysis. The first section serves as a useful review of basic accounting principles for those students who have studied accounting. For those who have not, this section provides the minimum accounting background necessary for profitable study of financial statement analysis. (5626)

BANKING 236—Financing Business Enterprise (3-0) Credit: 3.

Prerequisite: None.

Stress is placed on the difference between lending and investing, and on the fact that investing in a corporation and financing a corporation are different aspects of the same subject. In this course, the material is presented from the viewpoint of the corporate treasurer who must safeguard the financial future of his corporation. (5626)

BANKING 237—Argumentation and Debate (3-0) Credit: 3.

Prerequisite: None.

This course is planned to set forth the principles of argumentation, so that the debater will have the necessary background for the development of his own technique. It describes the analysis of the debate subject, gives the principles of logical argument, and suggests how the case may be presented most effectively. (5626)

BANKING 238—International Banking (3-0) Credit: 3.

Prerequisite: None.

The second edition of this text is an introduction to a vast field for those working in international departments, as well as for those involved in the domestic activities of their banks. The essential objective of this course is to present the basic framework and fundamentals of international banking, how money is transferred from one country to another, how trade is financed, what the international agencies are and how they supplement the work of commercial banks, and how money is changed from one currency to another. (5626)

BANKING 239—Law and Banking (3-0) Credit: 3.

Prerequisite: None.

An introduction to basic American law, presenting the rules of law which underlie banking. Topics include jurisprudence, the court system and civil procedure, contracts, quasicontracts, property, torts and crimes, agencies, partnerships, corporations, sales of personal property, commercial paper, bank deposits and collections, documents of title, and secured transactions. Emphasis is on the Uniform Commercial Code. (5626)

AHO 232—Special Problems and Techniques (3-0) Credit: 3.

Prerequisite: AHO 241-242 and acceptance by Clinical Admissions Committee. Lab Fee: \$8.00

Individual clinical or preceptor assignments for directed experience and/or instruction in specialized procedures unique to selected health occupations. (8035)

AHO 244—Advanced Interdisciplinary Health Concepts (2-8) Credit: 4.

Prerequisite: AHO 241-242 and acceptance by Clinical Admissions Committee. Lab Fee: \$8.00

Assignment to the student's area of interest for advanced instruction in highly unique procedures or techniques essential to meet standards of selected health occupations. (Formerly AHO 234) (8035)

AHO 256—Applied Health Concepts in Practice I (2-16) Credit: 5.

Prerequisite: AHO 243-244 and acceptance by Clinical Admissions Committee. Lab Fee: \$8.00

Assignment to the student's area of clinical interest for additional instruction or supervision in highly unique procedures or techniques essential to meet standards of selected health occupations. (Formerly AHO 236) (8035)

AHO 267—Applied Health Concepts in Practice II (2-16) Credit: 6.

Prerequisite: AHO 256 and acceptance by Clinical Admissions Committee. Lab Fee: \$8.00

Assignment to the student's area of clinical interest for additional instruction or supervision in highly unique procedures or techniques essential to meet standards of selected health occupations. (8035)

AHO 268—Applied Health Concepts in Practice III (0-35) Credit: 6.

Prerequisite: AHO 267 and acceptance by Clinical Admissions Committee. Lab Fee: \$8.00

Continuation of AHO 267. (8035)

PHYSICS 231—Radiologic Physics I (3-0) Credit: 3.

Prerequisite: Mathematics 013

Matter, energy, basic electricity, AC and DC circuits, electrical devices, X-ray machine design and operation, X-rays and other radiation, production and interaction. Radiation protection. Formerly Physics 246. (8035)

PHYSICS 232—Radiologic Physics II (3-0) Credit: 3.

Prerequisite: Physics 231

Continuation of Physics 231. (8035)

TECHNICAL EDUCATION

(86)

Drafting and Design

(8622)

DRAFTING 120—Basic Technical Research (1-2) Credit: 2.

Prerequisite: None. *Lab Fee:* \$2.00

A course designed to acquaint the draftsman, engineer, technician, tradesman, or secretary with available catalogs, books, literature, and research sources. Also, study will include a review of vocabulary used in the engineering and architectural fields. (8622)

DRAFTING 121—Sketching and Blueprint Reading I (1-2) Credit: 2.

Prerequisite: None. *Lab Fee:* \$2.00

A basic course in the reading of mechanical blueprints, along with freehand sketching of simple objects. Primarily for persons employed in mechanical, pipefitting, and related occupations. (8622)

DRAFTING 123—Sketching and Blueprint Reading II Plans and Maps (1-2) Credit: 2.

Prerequisite: None. *Lab Fee:* \$2.00

The study of house plans and small building plans, topographical and road maps, along with basic sketching. Primarily for persons employed in architectural, engineering, construction, and finance, as well as policemen, firemen, and business and industrial managers. (8622)

DRAFTING 124—Sketching and Blueprint Reading III Special Industrial Application (1-2) Credit: 2. (i.e., Industrial Engine Mechanics, Refrigeration Mechanics, etc.)

Prerequisite: None. *Lab Fee:* \$2.00

The study of blueprints as related to the refrigeration and air conditioning fields, along with basic sketching. (8622)

DRAFTING 132—Machine Drafting (3-3) Credit: 3.

Prerequisite: Engineering 161. Lab Fee: \$2.00

Theory and practice in the preparation of detail assembly drawings of industrial machinery. Includes a study of fasteners, tolerances, cams and gears, and other design characteristics. (8622)

DRAFTING 134—Pipe Drafting (3-3) Credit: 3.

Prerequisite: Engineering 161 Lab Fee: \$2.00

A study of pipe and fittings, designs, symbols and specifications; sizing, process lines, process systems. Practice in the preparation of drawings of flow diagrams, vessels, heat exchangers, pumps, instruments, compressors, and mechanical equipment. (8622)

DRAFTING 135—Lettering (2-4) Credit: 3.

Prerequisite: None. Lab Fee: \$2.00

A study in the fundamentals of lettering with pencil, pen, lero, wrico, and other mechanical lettering devices; brush, and transfer type as applies to engineering, drafting, and architecture. (8622)

DRAFTING 136—Charts and Graphs (2-4) Credit: 3.

Prerequisite: None. Lab Fee: \$2.00

Study and preparation of illustrations for business charts, graphs, presentations of information in a visual media. (8622)

DRAFTING 231—Structural Drafting (3-3) Credit: 3.

Prerequisite: Engineering 161. Lab Fee: \$2.00

Theory and practice in the design and development of details and specifications of industrial structures, including wood, steel, pipe and concrete. (8622)

DRAFTING 234—Map Drafting (3-3) Credit: 3.

Prerequisite: Engineering 161 Lab Fee: \$2.00

Plotting surveyor's notes, plot plans and plats, plan and profile drawing, contours, and well locations. (8622)

DRAFTING 235—Technical Illustration (3-3) Credit: 3.

Prerequisite: Engineering 161 Lab Fee: \$2.00

Problems in orthographic isometric, perspective, sections, and exploded illustrations. Use of illustration aids. Shading and Airbrush techniques. (8622)

DRAFTING 237—Freehand Sketching I (2-4) Credit: 3.

Prerequisite: None. Lab Fee: \$2.00

Working in pencil, pen, brush to train the eye and hand in visual recording without the aid of mechanical devices. (8622)

DRAFTING 238—Freehand Sketching II (2-4) Credit: 3.

Prerequisite: Drafting 237, or approval of instructor Lab Fee: \$2.00

A continuation of Drafting 237. (8622)

DRAFTING 242—Special Problems (2-6) Credit: 4.

Prerequisite: Approval of instructor Lab Fee: \$2.00

A course providing the student with an opportunity to develop additional experience and skills in one of the required drafting fields or to explore an additional specialized field. (8622)

DRAFTING 245—Architecture I (2-6) Credit: 4.

Prerequisite: Engineering 161 Lab Fee: \$2.00

A study in wood and masonry construction, residential plans, design, working drawings, standards, and building codes. (Formerly Drafting 241) (8622)

DRAFTING 246—Architecture II (2-6) Credit: 4.

Prerequisite: Drafting 245 Lab Fee: \$2.00

A continuation of Drafting 245. Study in commercial design. (8622)

ENGINEERING 131—Engineering Graphics (3-3) Credit: 3.

Prerequisite: None. Lab Fee: \$2.00

A basic course in the principles of Technical Drawing as required to express ideas graphically. Instruction includes use of instruments and drafting equipment, lettering, geometric construction, and orthographic projection. (090103)

ENGINEERING 132—Engineering Graphics (3-3) Credit: 3.

Prerequisite: Engineering 131, or equivalent. Lab Fee: \$2.00

A continuation of Engineering 131. Instruction includes orthographic projection, sections, auxiliary views, revolutions, dimensioning, isometric projection, intersections and development. (8622)

ENGINEERING 133—Engineering Design (3-3) Credit: 3.

Prerequisite: Engineering 161, or Engineering 131 and 132, or approval of instructor. Lab Fee: \$2.00

Design process, including needs analysis, feasibility, criteria, synthesis, model analysis, economics, graphics, optimization, and communication. (8622)

ENGINEERING 161—Engineering Graphics (3-9) Credit: 6.

Prerequisite: None. Lab Fee: \$2.00

A basic course in the principles of technical drawing as required to express ideas graphically. Instruction includes lettering, geometric construction, sections, auxiliary views, revolutions, dimensioning, isometric projection, oblique projection, intersections and development, and the proper use of drafting equipment. Study will touch on blueprint reading, print reduction, and manufacturing processes as they relate to drafting. (8622)

Electronics

(88)

(8824)

ELT 141—D.C. Circuits (3-4) Credit: 4.

Prerequisite: None. Lab Fee: \$5.00

A study of current flow and direct current circuits. The course presents work with magnetic circuits and introduces time varying currents. (8824)

ELT 142—A.C. Circuits (3-4) Credit: 4.

Prerequisite: ELT 141 or concurrent enrollment. Lab Fee: \$5.00

A continuation of Electronics 141 (D.C.), emphasizing A.C. circuit theory and both A.C. and D.C. network theorems. This course provides the background needed to analyze complex networks with both active and passive elements present. (8824)

ELT 143—Electronic Devices (3-4) Credit: 4.

Prerequisite: ELT 142. Lab Fee: \$5.00

A study of electronic devices, their functions, nomenclature and characteristics. Both tube and solid state characteristics are covered. (8824)

ELT 144—Electronic Amplifiers (3-4) Credit: 4.

Prerequisite: ELT 143 or concurrent enrollment. Lab Fee: \$5.00

A continuation of the study of electronic devices, amplifiers; both transistor and tube type are covered, with emphasis on methods of analysis and design. (8824)

ELT 245—Instrument and Measurement (3-4) Credit: 4.

Prerequisite: ELT 144. Lab Fee: \$5.00

A course connected with the accuracy of measurements; how instruments work, proper use of instruments and calibration techniques. (8824)

ELT 246—Communications Circuits (3-4) Credit: 4.

Prerequisite: ELT 245 or concurrent enrollment. Lab Fee: \$5.00

A continuation of the electronic amplifiers covering class C power amplifiers, oscillators, modulation, small signal tuned amplifiers, and detector circuits. The use of transistors and communications circuits and the underlying principles of operation of the various classes of circuits. (8824)

ELT 247—Introduction to Computers (3-4) Credit: 4.

Prerequisite: ELT 245 or ELT 246. Lab Fee: \$5.00

A course that employs principles of almost all previous technical courses as it familiarizes the student with both analog and digital computers. Emphasis is placed on principles of operation and on circuitry used in computers. (8824)

ELT 248—Control Circuits and Systems (3-4) Credit: 4.

Prerequisite: ELT 247 or concurrent enrollment. Lab Fee: \$5.00

An investigation of various control circuits, commonly employed in industry. A variety of methods of systems analysis are used to predict the performance of mock and complete system using various controls. (8824)

ELT 249—Electronic Design and Fabrication (3-4) Credit: 4.

Prerequisite: ELT 248 or concurrent enrollment. Lab Fee: \$8.00

A course directed toward teaching proper chassis layout and equipment arrangement, (packaging), and toward building a function electronic unit of some kind. Modern printed circuit layout and fabrication are covered. (8824)

PHYSICS 141—Applied Physics I (3-3) Credit: 4.

Prerequisite: None. Lab Fee: \$8.00

Basic physics in the units of measurements, principles and application of mechanics, heat, sound, and electricity. (8824)

PHYSICS 142—Applied Physics II (3-3) Credit: 4.

Prerequisite: PHY 141. Lab Fee: \$8.00

A study of wave motion generation transmission and detection of sound, light, illuminations, optics, and electricity. (8824)

RELATED

(94)

Related Instruction

(9421)

MATHEMATICS 144—Technical Mathematics I

(3-2) Credit: 4.

Prerequisite: None.

A course in Basic Algebra and the use of slide rule with problems applied to Technology. Topics will be taken from Basic Algebra, linear and quadratic equations, radicals, logarithms and exponentials. Formerly Math 1311. (9421)

MATHEMATICS 145—Technical Mathematics II

(3-2) Credit: 4.

Prerequisite: Mathematics 144.

A continuation of the study of algebra, trigonometric functions, graphs of trigonometric functions, solution of triangles, elementary identities as needed in Technical Math III. Formerly Math 1312. (9421)

MATHEMATICS 235—Technical Mathematics III

(3-0) Credit: 3.

Prerequisite: Mathematics 145.

This course is to include the concepts of Analytical Geometry, Differential and Integral Calculus will be touched on with applications to technology. Formerly Math 1313. (9421)
